## FALL, DOHENY AND SINCLAIR INDICTED IN OIL LANDS CONSPIRACY

U. S. Grand Jury Charges That Ex-Cabinet Official Accepted Bribe of \$100,000—Doheny's Son Also Named.

By the Associated Press.

WASHINGTON, June 30.—Criminal indictments were returned by a federal grand jury here today against Albert B. Fall, former Secretary of the Interior; Harry F. Sinclair and E. L. Doheny Sr., oil operators, and E. L. Doheny Jr., as an outgrowth of the leasing of the naval oil reserves.

## TWO MEN HOLD UP SHENANDOAH THEATER; GET \$800

Robbers in Office When  
Manager Arrives Force  
Him to Open Safe and  
Flee With Money.

Two young men held up the Shenandoah Theater, Grand boulevard and Shenandoah avenue, at noon today, escaping with approximately \$800, after tying up three employees and forcing the theater manager to open the safe.

The two men, who were dressed in civilian clothes, entered the theater at noon today, and the manager, who was alone in the office, was forced to open the safe.

The safe was opened, and the robbers, who were armed with pistols, fled with the money. The manager, who was injured, was taken to the hospital.

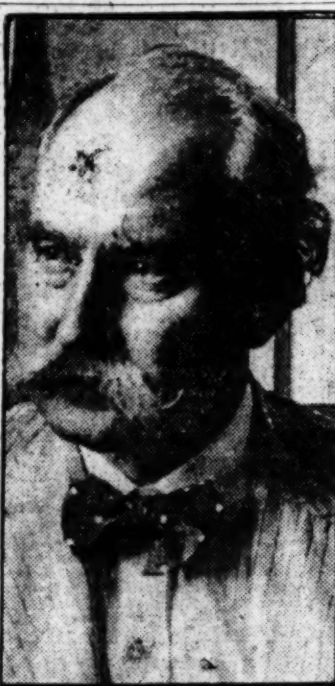

## TRAFFIC POLICEMAN JAMMED BETWEEN TWO STREET CARS

William A. Wiley Seriously Injured  
at Seventh and Locust  
Streets.

Jammed between two street cars going in opposite directions, Traffic Policeman William A. Wiley, 34 years old, of 3021A North Taylor avenue, was seriously injured at 11 a. m. today.

The accident occurred as Wiley was directing traffic at Seventh and Locust streets. He gave a "go-ahead" signal to east-and-west traffic, and the motor of the Holmdorf car, bound in opposite directions, started up, apparently under the impression Wiley intended to step aside.

## 16 DIE IN STORM IN PENNSYLVANIA

Lorain, O., Heaviest Sufferer, With 70 Fatalities and 125 City Blocks Laid in Wreckage.

CLEVELAND, O., June 30.—Ninety-five persons are known to be dead in Ohio today as a result of Saturday's severe wind, rain and electrical storm, which swept the coast of Lake Erie from Sandusky to Lorain, devastating a large portion of Lorain and parts of Sandusky.

Although the loss of life was not as great as at first believed, relief workers said today the list of dead may grow. Several hundred persons were reported injured, several scores of them seriously, and the property damage is estimated at more than \$30,000,000.

CLEVELAND.—Seven dead, with small property loss. ELYRIA.—Three dead. WARREN.—One dead.

AKRON.—One dead and property damage estimated at \$500,000 and \$1,000,000. FRENCH CREEK.—Three killed, 12 houses demolished or badly damaged.

NORWALK.—Creek Valley residents make preparations to leave their homes as waterworks reservoir weakens from heavy rains.

The storm first struck Sandusky, doing most of its damage in the eastern part of the city, and then jumped almost 25 miles to Lorain, where the greatest loss of lives occurred.

At Lorain, where approximately 125 city blocks, or about 25 percent of the city's residences, were damaged, most of them beyond repair, were destroyed, the heaviest loss of life occurred in the State Theater, a motion picture show which collapsed, crushing many of the spectators who had reached a velocity of 85 miles an hour at Lorain.

Of all of the business buildings that line Lorain's mile-long main street, Broadway, only two, the Postoffice and the four-story Eagles' Club Building, escaped without damage.

## EFFORT TO UPSET UNIT RULE FOR MISSOURI FAILS

Walsh Rules Entire 36  
Votes of State Must Be  
Cast for McAdoo on First  
Ballot.

By CURTIS A. BETTS,  
A Staff Correspondent of the Post-Dispatch.

MADISON SQUARE GARDEN, NEW YORK, June 30.—An effort by the eight Missouri delegates supporting Gov. Smith of New York for the presidential nomination to prevent being counted for William G. McAdoo, under the unit rule, failed in the Democratic national convention this morning.

The question was raised by Joseph B. Shannon, factional boss of Kansas City, on the first ballot. Under the ruling of Chairman Walsh the entire 36 votes were counted for McAdoo.

When Missouri was called and the vote announced for McAdoo, Shannon protested and asked that the delegation be polled. After the call of other states had been completed the poll was taken. It showed 25 votes for McAdoo, 3 for Davis and 8 not voting.

## Convention Sidelights

By PAUL Y. ANDERSON,  
A Special Correspondent of the Post-Dispatch.

MADISON SQUARE GARDEN, NEW YORK, June 30.—Some complaint has been made of the partisan character of New York's hospitality, but nobody can impeach the weather. Today opened clear and cool enough for a topcoat.

The Massachusetts delegation marched to the hall this morning behind a band playing "How Dry I Am." There's a reason. Chief Prohibition Enforcement Agent Yellowley personally raided the most popular cafe in the convention zone last night.

Balloting on the nominees began after a brief flurry occasioned by the demand of a "bitter ender" for a reopening of the question of naming the Ku Klux Klan. Cries of "no, no," from other delegates. It is a New York delegate who demands the regular order.

The first ballot proceeds rapidly. The cheering is short and spasmodic. Even the announcement, "New York casts 90 votes for Gov. Smith," provokes no more than one short vigorous yell.

## ATTEMPT TO REOPEN KLAN FIGHT FAILS

Convention, on Bryan's Motion, Adopts Resolution in Memory of Harding—Bitter Feeling Passes.

MADISON SQUARE GARDEN, NEW YORK, June 30.—The result of the eighth ballot in the Democratic convention today was as follows: Underwood 48, Robinson 31, McAdoo 444 1/2, Smith 273 1/2, Mansbury 9, J. W. Davis 37, Ritchie 19 1/2, Cox 60, C. W. Bryan 16, Jonathan Davis 20, Harrison 20 1/2, Glass 26, Brown 9, Walsh 11, Ralston 30, Ferris 6 1/2, W. J. Bryan 1, Shiver 38, Thompson 1, Total, 1098.

By CHARLES G. ROSS,  
Chief Washington Correspondent of the Post-Dispatch.

MADISON SQUARE GARDEN, N. Y., June 30.—The Democratic National Convention began balloting on a nomination for the presidency today with the early voting bearing out predictions. After the seventh ballot, Chairman Walsh, appealing for order, said it was planned to run the session to about 5 o'clock and then recess.

The first two ballots showed the two leading candidates—McAdoo and Smith—in the expected deadlock. McAdoo had fewer than a majority of the votes in the convention and Smith had fewer than one-third. They had been started by their respective managers at less than their actual strength, on the theory that the gradual rolling up of votes on successive ballots would have a favorable psychological effect.

Some of the strength each of the leaders was being screened for the time being, behind votes, for "favorite sons." The latter made up a large field. There was little excitement during the balloting. Most of such enthusiasm as was displayed came from Smith partisans in the galleries.

The result of the third ballot was announced in the soft Southern drawl of Senator Caraway of Arkansas, who made his first appearance in a platform role at the convention.

Louisiana on the fifth ballot moved its 20 votes from the Glass to the Ritchie column. This was the only material change. It pulled Gov. Ritchie up to a total of 42 1/2, making him the fourth highest in the race. The totals of the two leaders remained virtually unchanged. When Senator Walsh, in announcing the result, came to the one vote cast for himself he described it as one scattering.

While the crowd awaited the result of the sixth ballot, Pat Harrison came to the front and announced that owing to the "magnificent work" of the permanent chairman of the convention, a grand jury had indicted Albert B. Fall, Harry F. Sinclair, E. L. Doheny and E. L. Doheny Jr. The news brought a cheer from the audience and the band started playing.

The delegates assembled today with much of the ill feeling of Saturday night absent. An attempt to reopen the Ku Klux Klan question failed.

The two-thirds rule requires that a nomination shall be made by two-thirds of the vote cast, not two-thirds of the total number of accredited delegates. In the early balloting today 1098 votes were cast, making 730 2/3 necessary to nominate.

The first ballot carried no surprises. The galleries filled largely.

### KILLS BOARDER OVER \$8 BILL WITH CIVIL WAR BAYONET

Kansas City (Kan.) Man Says Victim Threatened Him With Knife.

Special to the Post-Dispatch.  
KANSAS CITY, Kan., June 30.—A. L. Givens of this city yesterday afternoon killed Frank Ziegelmayer, 37 years old, with a bayonet carried by one of Givens' relatives in the Civil War.

The slaying was the climax of a quarrel over an \$8 board bill owed by Ziegelmayer to Mr. and Mrs. Givens.

Givens told police Ziegelmayer objected to the amount of the bill, but paid it. "I entered the house Saturday," Givens said, "just as Ziegelmayer was cursing me, and I instructed my wife to return the \$8 to him. Then I ordered him from the house and asked him not to return."

Ziegelmayer, according to Givens, returned to the house yesterday afternoon and the quarrel over the board bill was resumed. Ziegelmayer, Givens said, flourished a butcher knife, and Givens seized the bayonet which lay on a window sill in the kitchen and stabbed Ziegelmayer through the heart.

He died in an ambulance on the way to a hospital. Givens is held by police.

Nine Killed by Autos in Chicago. By the Associated Press.

CHICAGO, June 30.—Chicago's week-end recreation cost the lives of 15 persons. Nine were killed in automobile accidents and six were drowned. The maximum temperature was 73 yesterday.

## PERMANENT TENURE FOR TEACHERS URGED

Conference of Educators Also Discusses Need of Retirement Allowances.

By the Associated Press. WASHINGTON, June 30.—Retirement allowances for teachers, permanent tenure guarantees and the education bill, the three main questions up for discussion at this year's annual meeting of the National Education Association, formed the subject of reports and addresses at today's general conference of the association. With Miss Olive M. Jones, president of the association, in the chair, reports of committees were submitted on the three subjects, with one hour allotted for discussion of each. Philip E. Carlson, principal of the Minneapolis Roosevelt High School, submitting the report on retirement allowances, declared every state should enact a sound teacher retirement law to protect children from teachers rendered incompetent by advanced age; to attract capable persons into the teaching profession, and to protect the public from the waste of an expensive school plant manned by superannuated teachers. School boards, he said, should not have to choose between "retaining a teacher after he is incompetent from old age or dismissing a teacher who has given years of faithful service with the knowledge that he has no means of support."

"Menace" of Politics. The report of the committee on tenure was introduced by Fred M. Hunter, Superintendent of Schools at Oakland, Cal., who urged that permanent tenure be introduced to ensure the best possible teachers and to free the profession from the "menace" of political appointments. The measures recommended, he said, would guarantee to teachers a security in their positions during good behavior and efficiency, after a suitable probationary period. George D. Strayer, professor of school administration at Columbia University, sponsored a committee report advocating the passage of the Sterling-Reed education bill, under which a Federal department of education would be established. Dr. Strayer declared the creation of such a department would "make possible scientific investigation in the field of education similar to that which has already been so effectively carried on in the field of agriculture and commerce under the auspices of the Federal Government."

Badly Needed. Leadership of the Federal Government "is badly needed," Dr. Strayer said, in the matter of educational finance and in the revision of the public school curriculum. The latter is at present handicapped by the lack of necessary data, he said. Asserting that the bill would further ensure the employment of only fully qualified teachers, Dr. Strayer said this could be accomplished "by annually appropriating a maximum of \$15,000,000 to aid the states in training the teachers."

## CARGO OF OIL IN CHINA CAUSED HAWLEY MURDER

American Killed by Junk Men for Attempting to Load Steamer; Didn't Wait for Guard.

By the Associated Press. PEKING, June 30.—One account of the slaying of Edwin C. Hawley, American employee of a British export firm at Wanhien, Szechwan province, June 19, received here by mail from Chungking, confirms earlier reports that he met death at the hands of Chinese junk men. The junk men resented Hawley's efforts to move a cargo of wood oil by steamer, though they were prevented from handling the freight themselves by the activities of bandits. They had threatened death to anyone attempting to load the wood oil on a steamer. Hawley demanded protection of the Chinese military authorities and it was promised him. The British steamer Wanlu, on which he proposed to load the wood oil, anchored across the river from the city and preparations being made for the loading. Thereupon the junk men attacked the cargo still on the wharf.

The British gunboat Cockchafer, at Hawley's request, was preparing to send men to guard the cargo but Hawley went ashore without waiting for the party from the gunboat. The junk men scattered. Hawley caught and kicked one and the others turned and attacked him. The American ran toward the river, expecting to swim to safety, but was clubbed over the head and fell into the water. His own boatmen rescued him and took him aboard the gunboat, where he died.

Carpenters Re-elect Officers. The Executive Board of the Carpenters' District Council, central body of the St. Louis carpenters' unions, was re-elected at the annual election Saturday. About 4000 votes were cast. The board is composed of Harry Lindeman, secretary, and Herman Joern, Emil Ruhle, Guy Day, Walter Gebel, and J. F. Kimble.

## EXCURSION STEAMER HITS BRIDGE PIER

St. Paul, Carrying Sunday  
Crowd, Effects Landing  
After Accident.

The excursion steamer St. Paul of the Streckfus Line, largest craft on the Mississippi River, resumed her excursion schedule last night after Government steamboat inspectors inspected the damage done in the forenoon, when she "fouled" a pier of McKinley Bridge.

The St. Paul, about 10 a. m., was proceeding upstream with more than 300 passengers and had passed about two-thirds of her length under the bridge, when a tiller rope—a wire cable three quarters of an inch in diameter—broke. With steering control momentarily lost, the cutter, swift by reason of high water and by the congestion, incident to the bridge arches, swept the big steamer against one of the reinforced steel piers, a hole being ripped through the guard on the starboard side and extending from the water line vertically through the hurricane deck.

Landing Soon Effected.

Though the craft has auxiliary steering controls, the pilot was unable, in the narrow leeway, to operate them, and instead rang for full speed astern. The steamer rode clear of high obstruction, the engines were reversed, and the vessel headed for the Missouri bank, a landing being satisfactorily effected at Montgomery street.

The superstructure gave way—almost in the center of the boat—with a loud ripping sound, to which was added the din of the ship's signal bells. There was a rush for life preservers. The orchestra bands continued to play, while members of the crew passed among the excursionists to assure them of safety. The excitement was shortly stilled, and during the two hours consumed by the repairs the dance floors and refreshment stands resumed their holiday spirit. The hull of the boat was not damaged.

Trip Finally Abandoned.

Capt. H. Lax decided the accident had marred the excursion, and after turning once around to display restored control of the craft, headed downstream and docked at the foot of Washington avenue, about 1 p. m. As they landed the hundreds of excursionists, most of them laden with untouched baskets of food and refreshments, were given duplicate excursion passes.

Maj. M. J. McDonald, chief supervisor of the local Government office of steamboat inspectors, today questioned the boat officers and inspected the damage. He reported the rent was about 30 feet wide, extending inwardly through the guard and hurricane deck about eight feet. When the tiller rope broke, his report stated, current and wind were unfavorable to complete the passage under the bridge. He pronounced the boat thoroughly safe for operation.

Officials of the line today announced a new policy of limiting the number of passengers to one-half the St. Paul's recognized capacity of 3500 persons—a figure the company voluntarily set, though Government officials have limited her capacity at 5500. The new policy will go into effect tomorrow at a slightly higher fare.

## \$5000 IN DIAMONDS REPORTED STOLEN

Louis K. Harris Tells Police Robbers Tied Him to Chair.

Louis K. Harris, diamond importer, former member of an importing firm which failed with liabilities exceeding \$1,000,000, reported to the police shortly before noon today that he was tied to a chair in his office, 513 Commercial Building, and robbed by two men of diamonds worth \$5000 to \$6000. He said the loss was mostly uninsured.

Marguerite Mahoney, 15 years old, clerk in Harris' office, also reported that she was tied to a chair by the robbers. She said she entered the office as the robbery was going on, after Harris had been tied.

Harris was president of the Harris & Kober Diamond Importing Co., which failed in February, 1933. The firm has since sued Simon Van Raalte for recovery of diamonds alleged to be worth \$200,000, representing about one-fifth of its liabilities to creditors.

"I was just getting on my feet again," Harris said to policemen today, "when this robbery had to happen."

He said he was examining a collection of diamonds at his desk, about 11:35 a. m., when the two men entered, and, displaying revolvers, ordered him to be silent, and took the diamonds which he had in front of him, and which he says were worth more than \$5000. They then tied him to his revolving chair, his hands tied behind him, and put a strip of adhesive tape over his mouth.

Girl Tied in Chair.  
Miss Mahoney came in at that moment, the police were told, and she was tied and silenced with tape. The robbers looked in a vault, Harris said, but did not appear to get any large part of its contents, which, he said, consisted of diamonds worth more than those taken.

When the men left Harris dragged his chair to the door and kicked on the door, until tenants of a neighboring office came and released him and the young woman. Harris and Miss Mahoney said the robbers were dark, and that one of them appeared nearly six feet tall.

Two Merchants Report Holdups by Pretended Customers.  
Abe Katz, a grocery store proprietor at 1536 Morgan street, and Harry Brown, who has a men's furnishing store at 1434 Franklin avenue, reported that they were held up and robbed today, in each case by a pretended customer.

Katz said \$387.65 was taken from his trousers pocket, and Brown said he was first robbed of \$7 and was then required to crawl to his cash box and hand over the box, containing \$32.

POSTAL INSPECTORS TO PUSH SEARCH FOR MAX GREENBERG  
Says His Arrest Will Go Long Way Toward Clearing Up Mail Robbery.

Special to the Post-Dispatch.  
CHICAGO, June 30.—The search for Max Greenberg, sought as the planner of the \$3,000,000 mail robbery at Roundout the night of June 12, will continue, Chief Postoffice Inspector Germer of the Chicago district said today. The inspector had learned of the long-distance telephone message sent by Greenberg from New York to Attorney Charles A. Karch in East St. Louis. In that message, Greenberg, as told in Sunday's Post-Dispatch, said he was in New York at the time when the Roundout robbery is supposed to have been planned in East St. Louis. He said the charge against him, based on the confession of William Newton, one of the robbers, was part of a plot to get him back to St. Louis, that his enemies might destroy him.

Greenberg's further statement, that he had reported to the post-office inspectors in New York, and that they found he had no part in the robbery, did not appear conclusive to Inspector Germer. The inspector said, "When we have apprehended Greenberg, we will be a long way toward clearing up this crime."

GOVERNOR PAROLES NEGRO SERVING LIFE SENTENCE  
Jess Matthews Was Sent From Jefferson County for Murder Nearly 15 Years Ago.

Special to the Post-Dispatch.  
JEFFERSON CITY, June 30.—Gov. Hyde today granted a parole, effective today, to Jess Matthews, 37 years old, who has served 14 years and 8 months of a life sentence in the penitentiary for first degree murder. Matthews was sent from Jefferson County, where he was convicted in October, 1909, of killing John Chappelle, another negro, at Herculaneum, Mo., by striking him over the head with a baseball bat, in a quarrel over a crap game.

A parole was granted today to Lee Donnell, of Springfield, Mo., who has served one year and four months of a three-year sentence from Webster County, where he was convicted of burglary.

The Governor issued an order transferring Will Bush, negro, of St. Louis from the penitentiary to the State Hospital for the Insane at Fulton. Bush was sentenced to two years in prison, from Feb. 22, last, for burglary.

THE true relationship which gasoline cost bears to the other expenses, incident to the operation of an automobile, is interesting and surprising.

It has been computed by Oil and Gas Journal that, on the average, the motorist of the United States pays \$900.00 for a car. The same authority states that taking into account all the fixed items of annual expense incident to the operation of an automobile—including depreciation, interest on investment, insurance, licenses and taxes—gasoline costs only 15.6% of the total. Other authorities bring this expense down to as low as 10% of the total.

While gasoline is a major factor in the operation of a car the expense, when compared to the whole, is of minor importance.

We believe that this is due in large measure to the advanced work of the Standard Oil Company (Indiana) who, by increasing the yield of gasoline from the crude oil available, has kept the price of this product within the reach of all.

Without the processes originated and developed by this Company, the price of gasoline would be much higher than it is at present.

Without the distribution system maintained today by the petroleum industry, initiated and expanded by this Company, touring would be impractical.

It is due in large measure to the initiative, skill and resourcefulness of the Standard Oil Company (Indiana), that motoring has been taken out of the sphere of the "rich-man's sport" and that it has been made possible for the man of modest means to take his family and get out into the fresh air and sunshine.

It is the inspiration of such achievements that spurs the 27,000 men and women of the Standard Oil Company (Indiana) on to greater accomplishments, which will add to the pleasure of living for the thirty million people of the Middle West.

A proposed city ordinance requiring anyone seeking filling station in a residential neighborhood to obtain the signatures of a majority of property owners in the neighborhood in which it is to be erected, consideration by the city department.

The draft of the ordinance referred to Associate Counselor Dolan by the Committee of the Board of Aldermen for a ruling on it. A Post-Dispatch reporter questioned Dolan, Director of Public Safety, and Bartholomew, engineer of the Plan Commission, on the for such an ordinance. The State Supreme Court ruling against the zoning ordinance.

Dolan expressed doubt attempt to restrain filling station in the manner outlined in legal. He said it was his opinion that the courts would not uphold such an ordinance without authority to citizens and declared discriminatory. He promised the committee to study the ordinance and see if the ordinance be framed legally.

Bartholomew mentioned City of Chicago had won to exclude billboards from the city where to them was reasonably Dolan said that billboard in a class with filling stations they have been declared in judicial decisions. No ordinance has been made at filling stations.

in the manner outlined would be  
legal. He said it was his opinion  
that the courts would hold that  
such an ordinance would be a  
wrongful delegation of legislative  
authority to citizens and would be  
declared discriminatory. He has  
promised the committee, however,  
to study the statutes on the ques-  
tion and see if the ordinance could  
be framed legally.

Bartholomew mentioned that the  
City of Chicago had won the right  
to exclude billboards from sec-  
tions of the city where opposition  
to them was reasonably sufficient.  
Dolan said that billboards are not  
in a class with filling stations, as  
they have been declared nuisances  
in judicial decisions. No such de-  
cision has been made against fill-  
ing stations.

Test Suits Under Adjudication.

The pending attempt to restrain  
filling stations by ordinance is the  
outcome of a test suit brought re-  
cently by property owners on Mc-  
Pherson avenue to enjoin the  
Lubrite Gasoline Co. from erecting  
a station at Newstead and Mc-  
Pherson avenues. The residents  
asserted such a station would be a  
nuisance. Circuit Judge Grimm  
now has the case under advisement.

Director McKelvey, who issued  
the permit to the Lubrite com-  
pany, said he would issue no more  
permits of the sort until Judge  
Grimm gives his decision. He  
added, however, that he did not  
see any legal way to restrain fill-  
ing stations, in view of the Su-  
preme Court stand on zoning.

The Chamber of Commerce has  
adopted a resolution favoring leg-  
islation against filling stations and  
garages in residence districts, but  
not mentioning a specific remedy.

BERRY SURE OF 460 VOTES FOR  
VICE PRESIDENT, ANTRIM SAYS

Oswley's Managers Assert Increasing  
Sentiment for Veteran Favors  
Nomination of Their Man.

By the Associated Press.

NEW YORK, June 30.—Man-  
agers and supporters of the vari-  
ous candidates for the Democratic  
vice presidential nominations are  
begging away, even though the  
contest for first place on the ticket  
temporarily eclipses all else.

Edward Antrim, of Ohio, man-  
ager for George L. Berry of Ten-  
nessee, whose headquarters have  
been open ever since the conven-  
tion met, issued a statement last  
night declaring that Maj. Berry  
was "reasonably sure of 460 votes  
that we consider as pledged from  
preferential primaries, state con-  
ventions and endorsements."

"We have reasonable hopes for  
an additional number that will  
give Mr. Berry the nomination  
upon the first ballot," the state-  
ment added.

The headquarters of Alvin Osw-  
ley of Texas, former national com-  
mander of the American Legion,  
issued no statement, but the Tex-  
an's managers assert the statement  
of leaders of the former service  
men's bloc that increasing support  
had been found for nomination of  
a veteran was favorable toward  
their candidate. A similar claim  
was made by Maj. Berry's support-  
ers.

DAWES' BANK LOSES COURT  
FIGHT OVER AID GIVEN TO  
LORIMER'S TRUST COMPANY

Ten Years' Litigation to  
End This Week When  
\$165,000 Judgment  
Must Be Paid.

Special to the Post-Dispatch.

CHICAGO, June 30.—Charles G.  
Dawes, Republican nominee for the  
vice presidency, has had an unde-  
sirable memory of his political  
financial past come up to plague  
him just as he is preparing his  
campaign plans.

The Central Trust Co., con-  
trolled by himself and his brother,  
has been ordered by the Supreme  
Court of Illinois to pay \$165,000  
because of its part in helping Wil-  
liam Lorimer, notorious politician,  
to organize a trust company which  
had a scandalous failure after a  
brief life.

Behind that final decision in a  
case that has been fought stub-  
bornly for ten years, lies a story  
which has given Mr. Dawes much  
undesirable publicity.

It involves a check for \$1,250,000  
and the exhibition of the "Mount-  
ain Cash" for the deception of the  
State banking official, and the  
subsequent plea of Mr. Dawes that  
he was taken in by a coterie of  
banking pirates.

For the background of this story  
it is necessary to go as far as  
1896, when Mr. Dawes turned il-  
linois to McKinley. He became one  
of the chief lieutenants of Mark  
Hanna and an associate of the ma-  
chine politicians who ran the Re-  
publican party at that time. His  
efforts for McKinley brought him  
appointment as Comptroller of the  
Currency from 1897 to 1902, by a  
vote of 55 to 28, on the ground that  
"corrupt methods and practices  
had been employed" in his election.

Lorimer, in the course of the in-  
vestigation, put into the record, as  
proof of his good character, a let-  
ter from Mr. Dawes, dated May 27,  
1909, congratulating him on his  
election, conveying best wishes to  
himself, his wife and family, and  
saying: "Your election means that  
in its relation to governmental leg-  
islation this State will always have  
its proper position."

It was in 1910 that Lorimer made  
his debut in Chicago as a politician.  
He organized the La Salle Street  
National Bank, with a capital of  
\$1,250,000, and a cash balance of  
\$1,250,000, with loans to good fellows  
and political workers.

In two years that it operated as  
a national bank it lost \$500,000.  
The charge was made in court  
that it lost its entire capital. It  
was jammed with worthless paper,  
which would never do for a national  
bank, where examinations might be  
embarrassing.

State Law Required Cash.

It was planned on Oct. 21, 1912  
(three months after the Senate ex-  
cluded Lorimer) to transform the  
La Salle National into the La Salle  
Street Trust and Savings Bank, a  
State institution.

The State law required that cap-  
ital and surplus should be paid up  
in cash before a bank could do  
business.

With a paper capital and little  
cash, how was the State baby to  
walk? This is how it was done:  
Ten men, associated with Lorimer  
and Charles B. Munday, gave their  
names for \$125,000 each. This  
made \$1,250,000, the required cap-  
ital and surplus of the new bank.  
But the law said the capital must  
be in cash.

Now steps into the picture  
Charles G. Dawes and his bank, the  
Central Trust Co. Lorimer had a  
talk with Dawes.

On Oct. 21, 1912, the cashier of  
the La Salle Trust and Savings  
Bank made out a cashier's check  
for \$1,250,000 to the Central Trust  
Co., payable to the La Salle Trust.  
The State Auditor, whose duty it  
is to count up the capital of new  
banks, was called in.

Accompanied by Lorimer and  
the cashier of the Central Trust Co.,  
he was taken into the vaults of  
the Central Trust Bank. There  
the Central Trust cashier turned  
over \$1,250,000 in cash to Lorimer.  
Lorimer turned it over to the pub-  
lic auditor to count, assuring him  
that the money was the cash capital  
and surplus of the new La Salle  
Street Trust and Savings Bank.

Auditor Counts Cash.

The auditor counted the money,  
found the total correct and directed  
Lorimer to go ahead with his new  
bank. The money remained in the  
vaults of the Central Trust, where  
it was at home. It never did see  
the inside of the vaults of the La  
Salle Street Trust Bank. Lorimer  
was handed back his \$1,250,000

59,985 VOTERS WERE  
REGISTERED THURSDAY

Elections Officials Unable to  
Tell What Effect It Will  
Have on Previous Total.

The number of persons who reg-  
istered in the revisionary and sup-  
plemental registration Thursday  
for the primary Aug. 5 was 59,985.  
This is just less than the round-  
figure estimate of 60,000, which  
was made when less than one-  
fourth the actual figures were  
available.

Transfers and new voters are  
included in Thursday's enrollment,  
but there is no information yet as  
to how many were transferred and  
how many new voters.

The previous registration was  
251,292. Whether the new total,  
after revision, will be more or less  
than that figure, Election Board  
officials have not been able to  
judge, but they believe that there  
will be no large net increase. But  
for the activity of the League of  
Women Voters and other organiza-  
tions in getting out a large num-  
ber of persons Thursday, there  
would have been a decrease.

The clerks canvassed residences  
Friday and Saturday and all per-  
sons not found as residing where  
they have been registered have  
been notified to appear before the  
Election Board. Many will not do  
so, as they have died, left the city  
or registered in other precincts  
where they now reside. All such  
names will be stricken from the  
list for error, and also the power  
of pardon and parole, which also  
often defeats the ends of justice.  
Thus your investigation should in-  
clude an inquiry as to the number  
of convictions that were appealed  
and reversed, together with the  
number of pardons and paroles, and  
inquiry as to the methods of pro-  
cedure incident to the granting of  
pardons and paroles, and the rea-  
sons therefor. It might also be  
well to inquire into my proposed  
condition incident to criminal  
prosecutions in one or two typi-  
cal rural Missouri counties, though  
the important phases of this  
problem really belong to the  
large cities.

"When all these facts are devel-  
oped the public can form a fairly  
intelligent opinion as to where the  
public lies—whether with the police,  
the prosecutors, the jurors, the trial  
or appellate judges, or those who  
grant pardons and paroles, or with  
the system itself. It will, I believe  
be found to be that while there  
have through various influences  
been laxness and inefficiency on the  
part of the various human agents  
who administer the system, its ar-  
chaic, cumbersome provisions are  
largely responsible for the unsatis-  
factory results."

On to Crime Situation.

Robert W. Pratt, Assistant At-  
torney-General of Missouri, speak-  
ing at a Bible class in Jefferson City  
yesterday, said:

"During the past eight years 41  
percent of all the cases appealed  
were due to the defects in our  
criminal procedure, either reversed  
and remanded or reversed outright  
and the defendant discharged. What  
happens when a criminal case is  
reversed and remanded? It be-  
comes necessary that the defend-  
ant be again brought to trial in  
the Circuit Court or the court of  
original jurisdiction and a trial  
had anew. This results in delay,  
and delay is the arch enemy of jus-  
tice. In cases coming from our  
large cities, due to the congested  
condition of our Circuit Court  
dockets, two or three years elapse  
from the time a case is reversed  
and remanded until a new trial is  
had, and during this period impor-  
tant witnesses move and scatter,  
resulting in the loss of evidence  
which might be necessary to obtain  
a conviction, thereby acquitting the  
defendant."

JAPANESE STUDENTS HOLD  
IMMIGRATION MASS MEETING

"Prohibition Day" to Be Observed  
July 1, in Sober Protest Against  
Laws Restricting Entry of  
Aliens.

By the Associated Press.

TOKIO, June 30.—A mass meet-  
ing attended by thousands of stu-  
dents in Shiba Park yesterday  
adopted resolutions appointing  
July 1, the date when the new im-  
migration law of the United States  
goes into effect, as "Prohibition  
day" on which Japanese will  
make a sober protest against exclu-  
sion of the United States and start  
the reconstruction of their  
humiliated national life.

Speakers at the mass meeting  
urged that consideration be shown  
America in dealing with the situa-  
tion and that Japan must have  
patience. They also warned against  
violence on the part of Japanese  
against citizens of the United States  
living in this country. After the

Richard Calls It a Draw.

By the Associated Press.

NEW YORK, June 30.—There  
were many echoes among Demo-  
cratic party leaders of a sentiment  
expressed by Tex Rickard, lessee  
of Madison Square Garden and  
famous prize-fight promoter, who  
remarked as the weary and be-  
drugged Democratic Convention  
delegates filed out into the night  
after the vote on the Ku Klux Klan  
question:

"Of all the fights I ever pulled  
off in the old Garden, that was the

SUGGESTS INQUIRY INTO  
CONVICTION REVERSAL

Hadley, in Letter to State Bar  
Association Head, Outlines  
Plan.

Reversals of criminal convictions  
in the Appellate Courts, on tech-  
nicities, are suggested as a proper  
subject for inquiry, in a letter writ-  
ten by Chancellor Herbert S. Had-  
ley, of Washington University, to  
Guy A. Thompson, president of the  
Missouri Bar Association.

Chancellor Hadley expresses his  
approval of the request of the Bar  
Association's special crime commit-  
tee, for a thorough investigation  
of the obstacles to justice in the  
present criminal law and procedure.  
He adds:

"I would suggest that there  
should be definitely ascertained the  
number of crimes committed in  
Kansas City and St. Louis for a  
certain period, the number un-  
solved and the number for which  
defendants were arrested and ar-  
raigned; the number indicted and  
the number of those indicted who  
were actually tried, and the num-  
ber of those who were convicted;  
and what in perhaps the most im-  
portant, the number of those con-  
victed who actually served their  
sentences—for a conviction in a  
trial court is often only the real  
beginning of the contest."

Pardons and Paroles.

"Between such conviction and  
punishment stands the Appellate  
Court, which too often feels that  
it is its duty to search the record  
for error, and also the power of  
pardon and parole, which also  
often defeats the ends of justice.  
Thus your investigation should in-  
clude an inquiry as to the number  
of convictions that were appealed  
and reversed, together with the  
number of pardons and paroles, and

cedure incident to the granting of

AMBASSADORS' DEMAND FOR  
ALLIED MILITARY CONTROL  
IS ACCEPTED BY GERMANY

Note Is Handed Herriot as Head of Council;  
Inspection to End by September, Is

By the Associated Press.

PARIS, June 30.—Germany's  
reply to the allied note relative to  
the resumption of interallied mili-  
tary control of Germany's arma-  
ments was presented to Premier  
Herriot today by Herr von Krosch,  
the German Ambassador. The note  
was handed to M. Herriot in his  
capacity as president of the Council  
of Ambassadors which has the  
question in hand and to whose note  
on the subject Germany now is re-  
plying.

All Shades of Opinion Unanimous  
in Repudiation of War.

By the Associated Press.

BERLIN, June 30.—Germany, in  
her note to the Interallied Coun-  
cil of Ambassadors on the re-  
sumption of allied military control  
of German armaments, accepts the  
allied demand for a general in-  
spection of condition that it be final  
and is concluded by Sept. 30 next.  
Germany's reply to the allied  
note on the resumption of military  
control of Germany's armaments  
declares that the German people  
repudiate even the mere idea of  
war. All shades of opinion are  
unanimous in repudiating secret

armies as impossible, useless and  
dangerous, it asserts.

The German Government, the  
note adds, has proceeded in a thor-  
ough manner for the disarmament  
of certain political organizations,  
and there is no longer any question  
that they are armed to any seri-  
ous extent.

The note declares the athletic and  
physical exercises of German  
youths are not connected as mili-  
tary of the note adds, it asserts,  
further, that no experienced mili-  
tary authority in the world could  
hold the opinion that Germany was  
in a position to initiate an armed  
conflict in Europe, for the reason  
that her material strength in arms  
was less than that of the small  
states. Furthermore, it is de-  
clared, she is in a position of help-  
lessness without a parallel in the  
history of nations.

The German people, therefore,  
are unable to understand how Ger-  
many can threaten the peace of  
Europe, the note adds, and such  
fears are not rather created by  
the fact that the idea of general  
disarmament has not made note-  
worthy progress among the other  
nations.

RALSTON DENIES HE  
IS KU KLUX MEMBER

Says if Nominated He Shall In-  
sist That All Constitutional  
Rights Be Safeguarded.

By the Associated Press.

INDIANAPOLIS, Ind., June 30.—  
United States Senator Samuel M.  
Ralston, in a statement here today  
in reply to attacks in the New York  
World, reiterated his denial of any  
connection with the Ku Klux Klan  
organization and challenged any-  
one "who has doubt as to the  
truthfulness of my statement" to  
disclose their information to the  
public. The statement follows:

"I have heretofore informed the  
World that I am not a member of  
the organization or of any of its  
branches. This statement is either  
the truth or a falsehood. I take it  
from the persistence of the World  
in inquiring into my supposed rela-  
tions to this organization it has  
doubts as to the truthfulness of my  
statement. If it has such doubts I  
submit it is time for it to disclose  
its information to the public.

"Let me say that I have not  
asked any man or any newspaper  
to support my nomination for  
President. Nor have I any infor-  
mation as to what delegations, if  
any, aside from that of Indiana, in-  
tend to support me for the nomina-  
tion. If, however, I should be nomi-  
nated for that high office I shall  
appreciate the support of every  
voter in the country without regard  
to the blood that courses in his  
veins, or the organization to which  
he belongs, provided such support  
is given me with the understand-  
ing that I shall stand upon the  
platform of the New York conven-  
tion and shall insist upon every  
citizen having all his constitutional  
rights scrupulously safeguarded."

Ralston's Statement Given Out in  
Convention Hall.

NEW YORK, June 30.—Thomas  
Taggart gave out in the convention  
hall today a telegram from Sen-  
ator Ralston, calling on the New  
York World to make public any  
information it may have as to the  
question of whether the Senator is  
a klanman.

HERRIOT SUSTAINED ON RUHR  
OCCUPATION BY 456-26 VOTE

New French Premier, Although  
Majority Is Divided, Wins First  
Test in Chamber.

By the Associated Press.

PARIS, June 29.—Premier Her-  
riot is demanding that the Ruhr  
must continue to be occupied and  
that funds to cover the expense of  
the occupation must be provided,  
even though he should be defeated  
by his insistence on this point. He  
made his stand clear in the Cham-  
ber of Deputies Saturday, declaring  
that to leave the Ruhr would be  
tantamount to abandonment of the  
rights of France, and that he was  
asked for a vote of confidence on  
the question, it was given him, 154  
to 26. The communists alone voted  
in the negative, while 44 Socialists  
refrained from voting.

Clearly, the Premier staked the  
life of his newly born Cabinet on  
the vote for the 205,000,000 francs  
appropriation. He caused a split  
in his majority, but his opponents,  
when it came to a vote, thought it  
best to permit him to continue,  
rather than go back on an occupa-  
tion policy they had espoused  
throughout Poincare's tenure of  
office.

HAITI TO PROTEST  
AGAINST PRESENCE  
OF U. S. MARINES

Resolution to Be Presented  
at Meeting of League of  
Nations Societies at  
Lyons.

LETTER TO EXPLAIN  
AMERICAN POSITION

Promise of Fair Play Is  
Made in Note by Theo-  
dore Marburg Explaining  
Why Soldiers Were Sent.

By the Associated Press.

LYONS, France, June 30.—Haiti,  
through her Minister to Paris, M.  
Bellegarde, will endeavor to obtain  
the passage of a resolution by the  
International Federation of League  
of Nations Societies against the  
presence of American naval forces  
in Haiti. The federation is now  
in session here.

When the question is taken up,  
a letter will be introduced from  
Theodore Marburg, chairman of the  
Foreign Relations Committee of  
the American Non-Partisan  
League of Nations Society, explain-  
ing the American viewpoint. The  
letter explains, in effect, that the  
United States dispatched the mar-  
ines in the interests of the  
people of Haiti and will undoubt-  
edly recall them as soon as a de-  
pendable government is estab-  
lished.

Fair Play Promised.

The American people, the letter  
adds, are closely following the af-  
fairs of Haiti, determined she  
shall have fair play.

The Japanese League Association  
has submitted a draft resolution  
declaring that without involving  
the immigration question, a nation  
belonging to the League of Nations  
shall apply the same requirements  
for admission and departure from  
the country to classes of people  
of other member nations who fall  
within the commercial or mercan-  
tile groups irrespective of their  
origin.

League societies of 30 countries,  
including the United States, were  
invited to the inaugural ses-  
sion yesterday.

Von Bernstorff Present.

Dr. C. A. Dunaway, representing  
the American Association, in an  
address said that the greatest  
obstacle to the adherence of the  
United States to the league was  
the popular conviction that several  
of the European states were not in  
the league. He asserted, however,  
that public interest was increas-  
ing rapidly.

Count von Bernstorff, former  
Ambassador to the United States,  
is here as president of the Ger-  
man association. Rene Daakin, of  
the French delegation, said he  
would decline to attend meetings  
at which the Count was present.

KU KLUX STILL AN ISSUE IN  
MISSOURI, G. H. MOORE SAYS

Action of Democratic National Con-  
vention Fails to Change Atti-  
tude of Candidate for Gov-  
ernment.

The Ku Klux Klan will continue  
to be an issue of the Missouri State  
campaign, although the Democratic  
national convention, by a majority  
of one, voted against specifically  
mentioning it in the national plat-  
form, George H. Moore, candidate  
for the Democratic nomination for  
Governor, said here yesterday.

"It is clear from the newspaper  
reports and from those who heard  
the convention proceedings over the  
radio," Moore said, "that the  
delegates were overwhelmingly op-  
posed to secret organizations with  
a political purpose, spreading racial  
and religious hatred, and every  
speaker, whether favoring the  
majority or minority reports of the  
committee, denounced the klan.

30TH INFANTRY ESTABLISHES  
MARKSMANSHIP REPUTATION

In Recent Test, 44 of 46 Men Qualify as "Expert Rifle-men."

By the Associated Press.  
SAN FRANCISCO, June 30.—The Thirtieth Infantry, stationed here, is establishing the reputation of being the best regiment of marksmen in the army, it is said at Western Division headquarters.

Recently 46 men of the regiment went to the rifle range at Fort Barry with automatic rifles. The qualification of "expert rifleman," the highest grade awarded for marksmanship, was given to 44 and the other two won the rank of "sharpshooter," the next highest grade. The automatic rifle, a light, air-cooled machine gun, is carried and fired like an ordinary rifle and requires expert handling. Out of 90 automatic gunners of the regiment, 85 have qualified as expert riflemen this year and the other five rank as sharpshooters.

DETENTION TRIES TO END LIFE

Thelma Wheat, 16, Found Unconscious From Gas Half Hour After Arriving There.

Within an hour after Thelma Wheat, 16 years old, was placed in the House of Detention by her mother, who had decided she was incorrigible, the girl attempted to end her life. She was found unconscious in a gas-filled bathroom on the second floor of the children's building at Fourteenth street and Clark avenue. She was taken in an ambulance to city hospital, where physicians said her condition was serious.

The mother, Mrs. Eva Wheat of 1618 South Seventh street, took the girl into Juvenile Court at 3 a. m. today and turned her over to the authorities. The girl was taken to a second floor department, where an hour later, a matron, who smelled gas, found her in the bathroom with a gas jet open.

FAMILY OF FIVE  
FOUND BEATEN TO  
DEATH IN HOME

Chicago Chauffeur, Wife and Three Sons Believed Slain by Half-Witted Relative or Boarder.

By the Associated Press.  
CHICAGO, June 30.—Beaten to death and their bodies carefully covered by sheets or blankets, Otto Eder, taxicab chauffeur; his wife, Frances, and their three sons, Roy, 11 years old; Harvey, 6, and Jack, 3, were found in their home late last night.

There was no disorder in the house, and no attempt at robbery was apparent.

The police said they thought the family had been killed by a half-witted relative or a boarder filled with a lust to slay.

"It looks to me like the work of a man simply filled with a lust to kill," said Henry A. Wolf, chief of police of Elmhurst, the suburb in which the Eders had lived.

The body of Eder and the two youngest boys were found in a bedroom, their heads crushed; Mrs. Eder, who was about to become a mother, lay in the dining room, and the body of the oldest boy had been tossed into a half-filled bathtub. The tub then had been covered with a blanket.

Two neighbors, who investigated at midnight after they became alarmed by protracted silence in the Eder home, said they had heard the relative of the Eders who is sought by the police call the eldest boy late yesterday afternoon.

GIRL SUSPECTED IN MAIL  
ROBBERY LIVED IN LUXURY

Mrs. Dorothy Wagner, Arrested at Tulsa, Had Apartment in Kansas City.

Special to the Post-Dispatch.  
KANSAS CITY, Mo., June 30.—Formerly a manicurist in the Union Station, recently living in luxury in a South Side apartment—paying her rent each month from a \$100 bill—and now a suspect held in the Chicago mail robbery case, is the interesting history of 19-year-old Dorothy Wagner, now in jail in Tulsa, Ok.

Mrs. Dorothy Wagner, incidentally, is just one of the several names in which the pretty, red-haired girl is known. At the Merton Hall Apartments, at the Pioneer Trust Co., and at the South Side Bank, she is known as Mrs. J. H. Benson.

Her husband, variously is reported as being a traveling salesman and an oil man. Police believe he is Willie Newton, now under arrest in Chicago, brother of Joe Newton, said to have been the brains of the big Chicago mail robbery. Willie Newton was wounded when he resisted arrest.

Postal inspectors and city detectives raided an apartment in Merton Hall and questioned its six occupants. They also searched a safety deposit box in the Pioneer Trust Co., where \$410 in gold was found.

## SOUTH TRIES REFORESTATION

By the Associated Press.

MEMPHIS, June 30.—Southern forests from Virginia to Texas contain an aggregate of 220,000,000,000 feet of standing pine timber of commercial size, Frank Dunham estimated in his preliminary report of a survey submitted at the midsummer meeting of the Southern Pine Association today.

The survey thus far shows a marked increase in the production of Southern pine lumber by small portable mills and a decrease in the output of standard mills. There also has been a notable increase in reforestation, he said, and some large mills are making plans for permanent and continuous operations.

The board of directors accepted the lumber standardization program ratified by the General Standardization Committee in Washington last April and notified its subscribers to make the new standards effective in the mills July 1. Only minor changes in the association's grading rules were necessary, it was said.

## PAINTING ON A SPIDER WEB

Preserved by Being Clamped Between Plates of Glass.

Correspondence of the Associated Press.  
BERLIN, June 12.—What is regarded as one of the most singular works of art in existence is now in the possession of a Berlin dealer. It is a painting 6x4 inches, executed on a spider web and preserved by being clamped between two plates of glass, so that one can examine it on both sides. The scene depicted is that of a happy family sitting together.

As an interesting side-piece to the painting, the artist also preserved a spider web on which he had completed part of the picture when it tore. This second web shows traces of his having tried in vain to patch up the tear.

ROME, June 30.—Parliamentary opposition to Mussolini's fascist Government has grown bolder in the past week than anybody would have believed possible a fortnight ago. In a meeting last Friday opposition parties announced that they would continue the parliamentary strike until the Black Shirt militia was abolished and law re-established supreme over individual violence.

Already the whole opposition press, re-echoes the words of Turatti, leader of the Socialist party on that occasion, that "we stand on the Aventine of our consciences." This refers to the famous episode in ancient Roman history when the plebeian class by withdrawing from Rome to the Aventine Hill forced the Patricians to grant them constitutional rights. The declaration adopted unanimously at Friday's meeting was unexpectedly vigorous in accusing the Government of moral responsibility for the presumed murder of the Socialist Deputy, Matteotti, at the instigation of prominent Fascist and asserting that there existed a "Fascist murder gang and Fascist graft gang which have enjoyed the protection of individuals high in the Government."

"Long Live Matteotti!"

The boldness of the opposition can only be explained by the silent wave of popular emotion and indignation which spread deeper and wider during the past week. Throughout Rome there is beginning to appear scrawled in black paint the paradoxical words: "Long Live Matteotti." Sunday in the working class quarter a 12-year-old girl stopped the correspondent and menacingly demanded that he repeat "Long Live Matteotti."

The 10-minute demonstration strike Friday morning in honor of Matteotti was executed in all principal cities of Italy. It is notable that this demonstration, which was organized by Socialist trade unions, was approved at the last moment by Fascist unions. The Fascist black shirt militia, after its imposing demonstration in Bologna last week, has been quiet, but Parliament now and this may not be done until October. By that time Mussolini will have a chance to prove his sincerity.

**Fascist Organizations Weaker.**

It would seem that the Fascist organizations in many cities were weakened by the recent crisis. In two days in Milan the writer saw only one Black Shirt and one Fascist button. In Turin the local Fascist organization was obliged to threaten with expulsion any Fascist not wearing the insignia.

Premier Mussolini, whom nobody in all Italy accuses of participation in crime or graft, is nevertheless accused by the opposition of being too loyal to lieutenants who may have been guilty and hence, of protecting a corrupt system.

The country awaits the fulfillment of the promises which he made last Wednesday to the parliamentary majority—purification of the Fascist party, integration of the Black Shirt militia into the national army and reorganization of the Cabinet.

Announcement of the new Cabinet was awaited today. Several members of the present Cabinet are suspected by popular opinion. The opposition newspaper Popolo accuses the Minister of Public Works with having ruined the contract made with the American "foundation company" for reconstruction of the Port of Naples by insisting on participation of several Italian contracting firms under unexplained circumstances.

Interior Federsoni for the Home Office and Gen. Giorgi for the War Office. But the time is short and tact is difficult under the present party tension. The King's message in answer to Parliament's reply to the address from the throne is expected to appeal for civic peace. It may be followed by a definite move in the Government toward redeeming its promise of reform.

The country demands, besides settlement of the military question, the resignation of Gen. de Bono from its command—he has already been removed as Police Chief—reconstruction of the Cabinet and reopening of Parliament.

There is, however, a feeling that it would be useless to reopen Parliament now and this may not be done until October. By that time Mussolini will have a chance to prove his sincerity.

The Fascist party, or at least part of it, has not learned the lesson pointed out by the sweep of public indignation that followed the kidnapping and murder of the Socialist Deputy, Giacomo Matteotti.

In Milan Friday night a street-conductor was so badly beaten by a group of extremists that he died soon after. He lived long enough, however, to tell his daughter the assailants asked him to what party he belonged and if he meant to observe the 10 minutes silence period in honor of Matteotti which the General Confederation of Labor had decreed.

The man admitted he was a member of a labor union and a Matteotti sympathizer, whereupon the extremists proceeded to thrash him.

### SWEDISH PROCESS PRODUCES OIL FROM ALUM SHALE

STOCKHOLM, June 9.—A total of 245,000,000 tons of fuel oil can be derived from Sweden's deposits of bituminous shale, according to estimates of engineers published in connection with the announcement that production of shale oil is about to begin on a large scale at Kinnekulle.

Since Sweden is entirely dependent on imports for her coal and petroleum, attention has been directed for many years to the economic importance of finding some way of producing fuel from her vast deposits of alum shale.

A highly satisfactory solution has been reached by two Swedish engineers and the considerable quantities of oil which they have already produced, has been tested practically by the Swedish navy on oil-burning vessels and by various industrial establishments. The results show that shale oil can compete successfully with all except the more refined grades of petroleum oil.

### MARS NEARER TO EARTH IN AUGUST THAN FOR CENTURY

Only 35,000,000 Miles Separates Planet From Us; Vega Is Brightest Star North of Equator.

WASHINGTON, June 30.—Mars will be nearer the earth on Aug. 22 than it has been in more than a century, says a bulletin from the American Nature Association. On that day the star will be nearest and only about 35,000,000 miles away. It will be brighter than the planet Jupiter.

Almost due south, during July, Scorpio (the Scorpion) has a long tail trailing down to the southern horizon and his heart marked by the fiery Antares, which is one of the "giant stars of the heavens, 400,000,000 miles in diameter and distant from us 350 light years. Antares is called "Rival of Mars" because, when Mars is most distant from the earth, it very much resembles this star.

**Saturn and Virgo in View.**

"There are two planets beautifully in view—Saturn, near Spica and Virgo, in the southwest, and Jupiter, near Antares in Scorpio, on the southeast—the brightest object in view. Venus will be too close to the sun to be seen," says the statement.

"The brightest star north of the Equator is Vega. You can recognize it by the two little stars close to it which form a small triangle with Vega. If you draw a line from Vega to Corona you will find, at the point where this line crosses the western side of the four-sided figure that outlines the body of Hercules, a faint, hazy patch of light visible without a telescope on clear, dark nights."

**Corona Borealis Overhead.**

"The Great Star Cluster in Hercules," this is called. It is a universe of giant stars, 30,000 or more, closely packed together, or so it seems with a powerful telescope. Yet the distance between the nearest neighboring stars in this cluster is over a trillion miles. This cluster is so far away that its light takes something like 30,000 years to travel to the earth at the rate of 185,000 miles a second.

"In the early evening hours of July almost overhead may be seen a perfect little semi-circle of six stars known as the Corona Borealis (the Northern Crown). The brightest of these, the Jewel in the crown, is a star of the second magnitude known as Gemma of Alphacca. This little group of stars lies between the huge constellations of Bootes on the west and Hercules on the east."

## SIX MEN GET \$1000 IN HOLDUP IN EAST ST. LOUIS

Safe and Cash Drawer in Office of Home Ice Cream Co. Rifled at 7:45 A. M.

Six young men, in an automobile bearing a Missouri license plate, held up the office of the Home Ice Cream Co., at Twentieth street and Ridge avenue, East St. Louis, at 7:45 a. m. today, and escaped with approximately \$1000 in cash. Revolvers were pointed at two employees and an insurance collector, while the robbers rifled the safe and cash drawer.

Gus Cholet, cashier, was working in the main office alone, while Walter Doyle, a salesman, and the collector, were in an adjoining room, when three men entered the main office. One waited at the door, while another ordered Cholet to "put 'em up" and the third passed into the adjoining room, where he made the two men face the wall.

Cholet's captor took about \$500 from the safe, ignoring several hundred dollars in checks, while the cashier sat in a revolving chair with hands raised. In the next room two men entered through a side door and emptied the cash drawer while the man with the revolver covered his prisoners.

Several workmen, in the plant behind the office, were unaware a holdup was in progress until it was virtually over. A workman opened a rear office door and saw Doyle and the collector standing against the wall. He promptly shut the door, and a robber exclaimed, "Let's go before they gang us."

The two robbers with the petty cash ran to the side door, slamming it shut behind them. The man with the revolver started to follow, but finding the night latch had automatically locked the door, he turned and fled through the main office with the two men there.

The sixth man, at the wheel of the automobile, an old-style Oldsmobile, had the engine going, and the robbers escaped, moving rapidly west. The police were given a license number which is being traced.

### LANDLORDS CAUSE PEONS TO EMIGRATE FROM MEXICO

When Farm Workers Sock Land Under New Law, They Are Terrorized.

MEXICO CITY, June 16.—Paradoxical as it may seem, the first effect of the national agrarian program, intended to provide a bit of land for each of Mexico's long downtrodden peons, is to swell the tide of emigrants to the United States, according to Cesar Cordoba, general secretary of the National Agrarian Commission.

This emigration, says Mr. Cordoba, results from the fact that wealthy land owners, when they learn that their peons have petitioned the national government for land, conspire with venal authorities to terrorize the petitioners. Without money or work the peons are unable to remain until the red tape involving a division of lands is unwound, and are forced to migrate.

Mr. Cordoba maintains, however, that data in the files of the commission show that the real cause of Mexican emigration is lack of land and that there is virtually no emigration from sections where the good effects of the agrarian laws have been felt.

## Radio Listeners Follow Voting And Hear Dispute Over Unit Rule as Applied to Missouri

Squabble Between Hay and Shannon Also Heard, Despite Persistent Pounding of Gavel by Chairman Walsh.

The Democratic national convention today reached the pencil and scratch pad stage for the thousands of radio listeners who followed the proceedings as broadcast by Post-Dispatch Station KSD and eight other major broadcasting stations in various parts of the country.

There were, of course, some side-lights. The controversy over the application of the unit rule in counting Missouri's vote came through fine, including the squabble between Charles M. Hay of St. Louis and Joseph B. Shannon of Kansas City. Radio listeners probably would not be competent witnesses on the moot point as to whether or not Mr. Shannon landed a blow. The chairman's gavel was pounding so persistently that it was difficult to hear the noise of any other impacts. When trouble threatens the chairman always knocks wood with great vigor.

**Walsh's Ruling Cheered.**

Whatever a section of the Missouri delegation may have thought of it, Chairman Walsh's ruling that the unit rule must be applied seemed to meet with general favor as there was loud cheering when it was announced.

At today's session it was apparent that the comedy and amusement features of the big Democratic show had given way to the sterner episodes. The motif was entirely changed. The mask of Comus was put aside. Even the music reflected the altered mood. The band's early selections were almost funereal. Fun is dead, long live hard work! Away with "Rosie O'Grady," "Annie Rooney" and "The Side-walks of New York," though they may hob up again if the Smith puncture is repaired.

**Favorite Sons Have Inning.**

As was to have been expected, the first ballot meant nothing as a forecast of the final result. The

favorite sons always have their inning at the start. Nevertheless, the faithful radio fans had their paper and pencils out and kept careful track of the voting. They noted with interest that on the second ballot the combined votes of KSD and Adoo and Smith, the leaders, was just one-half a vote more than the two-thirds necessary to nominate and that on the third ballot McAdoo lost 14 votes and Smith 26.

Anything for a change. After listening for days to oratory, ancient music and shouting the radio fans no doubt will find it fun to keep the tally on the balloting.

The radio service being given by KSD and other stations will be continued throughout the convention and all the proceedings, day and night, will be put on the air.

**Service Interrupted Saturday Night Because of Storm.**

Radio service from the Democratic national convention was unexpectedly discontinued for all stations west of Pittsburgh at 9 p. m. Saturday. This was due to the necessity of making emergency use of the telephone lines which had been assigned to Post-Dispatch Station KSD and other stations. The windstorm in Ohio had carried away many of the lines in regular telephone service, and in the interest of humanity it was necessary to press the convention lines in general use.

Station KSD signed off at 9:26 p. m. after receipt of the following message from the wire of the convention telephone service: "On account of tornado and terrible loss of life at Lorain, O., the telephone circuits which were used for the convention are required for emergency service. Please sign off as we are going to release the circuits immediately. H. C. Read."

The discontinuance affected stations in Buffalo, Pittsburgh, Cleveland, Chicago, St. Louis, Cincinnati and Kansas City.

### FOUR ATTENDANTS DISMISSED AFTER INSANE MAN IS BEATEN

Shakeup at Alton Institution Follows Serious Injury to Man, 72 Years Old.

Four attendants at the Alton State Hospital for the Insane have been discharged as the result of a serious injury to John W. Turner, 72 years old, a patient from Calhoun County, Ill., in the receiving hospital of the institution, last Wednesday night.

Turner, who is a patient for senile dementia, was found Thursday morning with three fractured ribs and a bruise on his side. He said "somebody hurt him," but could not identify attendants as his assailants. The four attendants who were discharged were those who were on duty in the hospital that night. Dr. Charles E. Trevillion, managing officer, disclaimed them, although they denied knowledge of Turner's injuries and guilt was not proved, on the theory that they should have known what happened.

At the same time another attendant was discharged for suspected stealing and six others, including wives of some of the discharged men, quit in sympathy. It is possible other patients attacked Turner, who has had the habit of arising after being put to bed and jerking bed clothes away from neighbors.

### FORMER M. P. CALLED ON TO PAY \$40,000 TRIAL COSTS

Correspondence of the Associated Press.

OXFORD, England, June 12.—Frank Gray, who lost his seat as member of Parliament for Oxford City through election irregularities of his agent, said he had been called upon to find \$40,000 to pay his costs at the trial, and admitted that he had not the money.

"My party and my friends are standing by me," Gray said, "and are finding the money. My wife and I," he added, "are not too proud to appreciate this help, but the money must be found at the earliest possible moment, and to do this we have been compelled to dislodge all our servants with the exception of one old retainer, and have had to do domestic work."

## CHICAGO URGED TO ADOPT UNIVERSITY OF ITS NAME

President Burton Announces Rockefeller Has Coined Gift, Totaling \$25,000,000.

By the Associated Press.

CHICAGO, June 30.—Urging adoption by the city of Chicago of the University of Chicago "in fact as well as in name," President Ernest DeWitt Burton disclosed that John D. Rockefeller has given \$25,000,000 to the institution, "a sum almost or quite without parallel in the whole history of education."

President Burton made the statement after announcing that Rockefeller had discontinued his gifts, that the university has no right of further approach to the founders as individuals, "and less reason to make such an approach to Mr. Rockefeller."

To the university's resources of approximately \$54,000,000, Burton said, "there should be added within the next 10 or 15 years at least an equal amount," and for this sum "we must look largely to Chicago."

"When in December, 1910, Mr. Rockefeller promised to give the university the sum of \$10,000,000 in 10 annual payments, he accompanied this pledge with a statement that this was his final gift, and commended the university to the friendly citizens of Chicago as those to whom it should look for the means with which to insure its future development," President Burton asserted. "In pursuance of this statement and policy, Mr. Rockefeller discontinued his gifts."

# BROWNS INDIANS 2 (AFTER 1½ INNINGS); TWO OF SISLER'S REGULARS OUT

## McMillan at Second, Rice at Third, Bayne Opposes Metevier

By a Special Correspondent of the Post-Dispatch.

CLEVELAND, O., June 30.—Two of the Browns regulars, Marty McManus and Gene Robertson, were out of the lineup when Sisler's men met the Indians in the first game of their series here. McManus has a sore elbow and Robertson an injured finger.

McMillan appeared at second base and Rice at third for the game.

Bayne and Metevier were the pitchers.

The game:

**FIRST INNING.**

BROWNS—Tobin bunted to Jamieson. McMillan bunted to Lutake. Sisler singled to center and went to third on Williams' single to right. Jacobson filed to Speaker. NO RUNS.

CLEVELAND—Urbain Shocker was chased from the Browns dugout by Umpire Nallin for being too noisy. Summa walked. Jamieson singled to right, sending Summa to third, and when Tobe let the ball go through him Summa scored and Jamieson went to third. Speaker singled to left, scoring Jamieson. Gerber threw out Sewell. Stephenson fouled to Severeid. Burns lined to Williams. TWO RUNS.

**SECOND INNING.**

BROWNS—Sewell threw out Rice. Severeid singled to left. Gerber singled to right. Bayne walked, filling the bases. Tobin sent a sacrifice fly to Jamieson, scoring Severeid. McMillan forced Bayne. Sewell to Stephenson. ONE RUN.

### KOPPISCH TO TRY HIS HAND AT BASEBALL

Special to the Post-Dispatch.

NEW YORK, June 30.—Walter Koppisch, captain of last year's Columbia track team and three-elect football leader, does not plan to run next spring in his final year at Columbia. He will report to Coach Andy Coakley for baseball. Should he make the team, he will be the first Columbia athlete to win letters in three major sports. Many Blue and White athletes have succeeded in two major sports and also in a minor sport, but it is doubtful whether any has enjoyed success in three of the four leading forms of competition—football, track, rowing and baseball.

Koppisch does not believe that an institution has any three major sports men, and most of these have been at Harvard, Yale or Princeton. Columbia almost had one last spring, when Franklin V. Brodell, captain of the successful 1923 crew and star football player for the last two years, decided to resign for baseball as one as he was no longer eligible for crew. However, as he was carrying mostly graduate work he was not allowed to play.

That Koppisch should desert track for baseball is somewhat of a surprise, since he has been so successful in the former. The erstwhile Master Park, Buffalo, High School boy is considered one of the greatest quarter-mile runners in America, having tied the world indoor record of 43.5 seconds for the double furrow at Buffalo during the winter of 1922-1923.

### GUS TAYLOR CAPTURES MOTORCYCLE HILL CLIMB

Gus Taylor won the open professional motorcycle hill climb at Castledown yesterday afternoon, on a 50 cubic inch motor in 4.4 seconds. Virgil C. Lane was second with a time of 5.15 seconds. The ascent was held on the side of a steep hill between the creek valley and the river. There were three other events for different size motors. Lane won the 60 cubic inch motor for amateurs. A. H. Frische took the 50-inch amateur and Gus Taylor won the 61-inch professional climb with the time of 5.15 seconds.

### STEVENS REAPPOINTED COACH OF HARVARD

Special to the Post-Dispatch.

CAMBRIDGE, Mass., June 30.—The reappointment of Edward A. Stevens as head coach of rowing at Harvard for next year has been officially announced by the Harvard Athletic Association. The unanimous recommendation of the appointment was made by the committee of the graduate advisory rowing committee.

## RESULTS OF MUNICIPAL BASEBALL CONTESTS

### Mercantile League.

When the Quentin Roosevelt, leading by a score of 4 to 2, refused to take the field at the start of the eighth inning because there remained only five minutes of playing time, Umpire Sandusky forfeited the game to the Grizzlies. A league rule stops games at 6 o'clock. The umpire's verdict will be protested by the Roosevelt. The Yellow Cabs, Donnelly Stars and Owen-Basket teams were winners in other games.

### City League.

Close scores featured the City League games yesterday, three of the four contests being decided by one-run margins. St. Martin scored two runs in the seventh and one in the eighth to defeat the Metroids, 3 to 2. The victory broke a tie for first place and pushed the Metroids back into second position. The St. Martin Juniors, Mildred Club and Hope teams were victors.

### South Side League.

The Schenbers drew closer to the lead in the South Side League yesterday by winning both ends of a double-header from the Maryville team. The leading Schenbers found trouble in winning from the Dau team, 6 to 5. The Schenbers obtained a total of 27 hits in winning their pair of games.

### Independent League.

The St. Vincent team held the shells to a 1-1 tie in seven innings in the feature game of the Independent League schedule yesterday. The St. Vincent team, which had 10 hits and Wolf, for St. Vincent, yielded only three. The Polish Falcons scored a 6-1 triumph over the Produce Men when Galyschki held the Merchants to four hits.

### Knights of Columbus.

Heavy hitting featured the Knights of Columbus games yesterday. Kalm, Kenrick and Laclede won their games. DeLargy, Kenrick's first baseman, got five hits in five times at bat and helped win, 9 to 4, from De Andreis.

### Wilson League (Senior).

The Fabers and Orioles, leaders in the Wilson League, won their games yesterday and continued tied with six victories and two defeats each. The Fabers pushed across the winning run in the ninth inning of their game with the Carbons. The score was 6 to 5. The Orioles collected 18 hits and scored 10 runs in defeating the Jewetts, 10 to 5. The Benhens left fielder, obtained four hits in five times at bat, one a double.

### Altan Municipal League.

The Wisemans retained their hold on first place in the Altan Municipal League by winning yesterday from the Altan Stores, 11 to 2. The Rip Van Winkles, second place team, also won, defeating the Altan Cubs, 6 to 2.

### South Side Sodality.

Pitcher Stengel of the St. Plus team won his game with a triple in the ninth inning, defeating the St. Henrys, 4 to 3. St. Henry has scored two runs in the first half of the ninth. St. Francis de Sales failed to put a full team on the field and forfeited to the St. Boniface team.

### Union Label League.

The Web Pressmen team and the Coopers maintained their tie for the leadership of the Union Label League yesterday by winning their games from the Polish Alliance and the Mailers. The Coopers beat the Mailers, 9 to 3, and the Pressmen defeated the Polish Alliance, 11 to 5. Kerley of the Mailers got three hits.

## ARS OUT

Dickerman Hurls  
Good Game But  
Defense Faltered

Keymen Suffer Fifth Straight  
Defeat When They Kick  
Over Runs for Pirates.

By Dent McSkimming.

Baseball is contagious. Yesterday the Cardinals were giving the burg Pirates an interesting game and had even taken the lead score at 2 to 1, when, suddenly, the defense cracked. The final tally, 6 to 5.

Dickerman pitched well to win for any team but a loser. A club which finds itself in the cellar can lose many pitched games.

McKee Case Reopened. The Cardinals began his managerial career as a Cardinal in 1919. He held the Ricks to three hits in two runs until the ninth, and infield singles by Hornsby and a home run by Blakes to the score to 6-5 and caused the removal. "Curved-ball" Morrison relieved him and the Cardinals dead.

Lost in the Fourth.

A game was lost in the fourth when Glenn Wright opened a home run drive into the field bleachers. Grimm slid through the box but Blakes to Blakes. Maranville sent a grounder to Mueller and wisely tried to cut Grimm off second. His strategy was good but it would have worked except for the fact that the Cards are a place club and a last place must kick the ball about. He was good but it came so close to Grimm on the head that he ducked out of sympathy to Pittsburgh runner. The ball hit Grimm on the head and he rolled out into left and there, again, the fact that cards are in last place brought another error. Ray Blakes tried to gobble up the easy roll, somehow, it trickled through hands and legs and went far near the fence. Grimm scored a way from first on what have been an easy force-out and possibly a double.

Maranville reached third on a display and scored on an in-out. Dickerman could hardly be held responsible for that pair.

More Runs Kicked Over. The eighth, with Moore on Carey dumped a bunt toward Forcner, subbing for Fraich. He rolled out into left first but the Cardinal infield all about Moore and he went away to third. Then Cuyler, scoring Moore, and Wright right. Jack Smith tried to Wright's hit to a single and row to second base was good because the Cards had a cell club, the wall hit the bag around in crazy fashion into and a runner scored.

Defeat was the fifth straight Cardinals, and at the same time marked the seventh victory for the Pirates.

Same teams will play this soon. It is ladies' day.

Reaffirmed.

By the Associated Press.

PARIS, June 30.—The American Olympic track and field team, already crippled by a series of minor mishaps since its departure from the United States, faced its most serious loss so far today when Leroy T. Brown, New York A. C., and H. M. Osborn, Illinois A. C., high-jumping aces, counted on for a clean-up in this event, were taken to the Neuilly Hospital for treatment. Brown is suffering from an injury to a tendon in the leg and Osborn from strained muscles in the back.

McKee Case Reconsidered.

The dismissal of Thomas McKee, San Francisco diver, from the American Olympic Swimming Team was confirmed today at a meeting of the American Olympic Executive Committee, but a resolution was adopted emphasizing that the action was taken for insubordination only and to clear the atmosphere of considerable mystery which had surrounded the case.

No Changes in U. S. Team.

The American Olympic track and field teams will enter the international competition a week from today lined up as selected by the American coaches and Olympic officials on the voyage to France.

This was disclosed by Head Coach Robertson, who announced after trials in which the majority of the track squad took part, that there would be no changes in the entries as already forwarded to the French Olympic Committee.

The decision means that J. H. Watters of Harvard will run in the 100 meters; that Ray Watson, Illinois A. C., will compete in the 1500, displacing James J. Connelly, unattached, who is assigned to the 1000-meter team race, in which Jole Ray, Illinois A. C., will make his only bid for Olympic laurels.

Coach Robertson said that Lloyd Hahn, Boston A. A., would start in the 1500-meter event, with Ray Barker, Illinois A. C., and W. O. Spencer, Mississippi A. and M. College, and the others who will be pitted against the Finnish star, Nurmi.

Hole in One With One Arm.

## WRAY'S COLUMN

The Wrong Party.

IN the Cardinal box score of yesterday's game we note the following: "LOSING pitcher, Dickerman. As a matter of fact, but for the LOSING FIELDERS, Blades, Mueller and Smith, the notation at the bottom of the score would have read: "WINNING pitcher, Dickerman."

The system of singling out an individual to make him alone the goat of defeat, as exemplified in this arbitrary pitching record, is a gross injustice. It is an appendix that should be amputated. It seems to put the burden of a nine-man contest on the shoulders of one player.

If the burden properly belonged there, the pitcher should receive a salary equivalent to that of five or six regular players.

Mere Hair-Splitting.

SOME of the most ridiculous rulings have been made in naming the losing pitcher. On one occasion a man who pitched a single ball was charged with the loss of a game. Official scorers have to hold a caucus to determine which pitcher actually could, by tortuous reasoning, be saddled with the defeat. And many times the president of the league has decided that the ruling was wrong.

The pitcher has enough responsibility to shoulder without being charged, as in the case of Dickerman, with the odium of defeat caused by other members of the team.

A Real Wizard.

FROM his wizardry shown against the Browns the name Thurston is one to conjure with. This goes two ways, please.

Lee Fohl owes the Browns something, for releasing this truly great pitcher, who has a fine record of 11 victories for the season. Five of them were won from the Browns—five games that if now attached to the Browns' string, would put us neck-and-neck with those surprising Senators.

The Trouble.

WHAT'S the matter with the Cards? There isn't space here to tell all of the story. A few of the troubles seem to be: Lack of sympathy between certain players and the manager.

Wretched fielding. Lack of base hits, when base hits are needed. Indifferent pitching. Not enough first-string catchers. Nobody home when opportunity knocks. A public out of tune with the management. That'll do for a beginning. Any club that could survive the above and be out of last place would be a world's championship potentiality.

Curious Records.

ST. LOUIS clubs' records for the season include some weird performances. The Cardinals, for example, now "absolutely" have won a season's series to date from only one club—New York, now running away with the race. The Cardinals have won 4 games, and the Giants 3, on the year.

The Browns have won series from the world's champions, the Cleveland Indians and Boston have tied the Detroit and Philadelphia and lost two series, 3-2 set with Washington, and to Chicago, 12 games to 6.

A series played according to the normal strength of these two clubs ought to give the Browns an edge. Had it not been for the White Sox—well, what's the use? We've been making excuses for 36 years, and the stock is exhausted. So are the fans.

Not So Almighty.

THE Giants, by the way, have other peculiarities to note besides defeats by the Cardinals. Their supremacy is based entirely on their overwhelming defeats of two teams, Brooklyn and Boston. The Giants have trimmed Brooklyn 11 to 3, and Boston 12 to 3, on the season.

The remainder of their record is not so wonderful, and the future may spell trouble for the Giants. For example, Chicago beat New York four games, 1 to 2, Pittsburgh has the edge, 4 to 3; St. Louis also holds a 4-3 winning margin. Brooklyn has improved and with the Cincinnati and Pittsburgh may yet shake the throne of McGraw.

## Suzanne Defeats Miss Ryan, But Loses a Set, 8-6-6

Former California Woman  
Gives French Marvel a Battle,  
Winning 14 Games in 3 Sets.

By the Associated Press.

WIMBLEDON, June 30.—Miss Suzanne Lenglen, world's woman tennis champion, defeated Miss Elizabeth Ryan, former Californian, in the women's singles of the Wimbledon tournament today, after one of the hardest battles in her career on the courts. Miss Ryan taking the second set and relinquishing the third only after a stiff resistance. The French girl won by the score of 6-2, 6-3, 6-4.

Miss Ryan's two games in the first set were the first of the French star has lost in this tournament.

Miss Helen Wills, American champion, defeated Mrs. Colgate, 6-1, 6-0.

Mrs. Marion Z. Jessup of the American team was eliminated from the women's singles today by Miss Kathleen McKane, the English star, who won in straight sets, 6-1, 6-3.

Miss Lenglen will meet Miss Kathleen McKane in the semifinals, while Miss Wills will meet Mrs. Phyllis Satterthwaite.

Today's Results.

Watson M. Washburn and R. Norris Williams, America, defeated G. W. Hilliard and D. H. Greig, England, 6-3, 6-3, 6-2.

Francis T. Hunter and Vincent Richards, America, defeated S. Okamoto and K. Hoshiyama, Japan, 6-4, 6-2, 7-5.

Norman E. Brooke, Australia, and Carl Fischer, America, defeated H. Timmer, Holland, and C. Bryan, 6-1, 6-4, 6-3.

R. Norris Williams II and Mrs. George Wightman of Boston defeated A. W. S. Dillon and Mrs. Jackson, 6-4, 6-2.

Mrs. Phyllis Satterthwaite defeated Mrs. Shepherd Barron, 6-4, 10-8.

BOYS SET FAST PACE IN DRILL WITH FORSHAW FOR JUNIOR MARATHON

The cool air of yesterday morning brought out the largest squad that has thus far attended a workout for the annual Tuberculosis Marathon.

John P. Keefe, former marathon star of Manchester, N. H.; John Probat, former crack 10-miler and cross-country man, and Joe Forshaw of Olympic fame, took charge of the boys in a run of about 2 1/2 miles over the old cross-country course which used to be followed in the annual M. A. C. Western championship.

The three men scattered themselves among the boys, carefully watching for any who might tire, or find the going too strenuous. The youngsters, however, could scarcely be held back. As soon as the turn was made on the course, the boys refused to be longer denied and themselves seized the pace and gave the men something to do to stay with them. In a great sprint across the aviation field, Frank McEmery of 5130 North Market street led his squad home, while Charles Kranker of 4206 Page avenue and James Cody, 5261 Terry avenue, came third, all close on the heels of the leader and all three outdistancing their veteran trainers.

A second squad was in charge of Robert Probat and Henry Levinson, both former local distance stars. Chester Probat repeated his victory of the previous Sunday, but only did so by the narrow margin of one second over Philo Young, who as in the previous Sunday's trial, was in second place. Ernest Hill of the Heber A. A. Wayne Barrick and Edward Baerlechner pulled up third, fourth and fifth.

Entries for the actual race of Thursday, July 17, can be mailed or taken to Room 702, Equitable Building, 613 Locust street, or to Robert Probat, 3301 Washington boulevard.

FREIGAU IS SUSPENDED AND FINED BY RICKEY; BOTTOMLEY RETURNS

Howard Freigau, regular third baseman of the Cardinal club, has been suspended and fined \$50 by Manager Branch Rickey because Freigau responded in a discourteous manner when criticized by Rickey in the course of Saturday's game with Cincinnati.

"Freigau is perhaps a bit irritated because of his failure to get a lot of hits," said Rickey today. "I intended his punishment to be private rather than public and I felt that a short lay-off would do him good. The boy started off hitting the ball at a great clip and recently has slumped. He is evidently so disappointed in his own showing that he has become irritable."

"Jim Bottomley will be back in the game today and I look for an improvement in the team batting. It is the failure of the batting punch that has cost us many recent games."

"Muller deserves a lot of praise for the manner in which he played the first base job during Bottomley's illness," said Rickey.

## Michigan City Arena Will Be Crash-Proof For Bout July Fourth

By the Associated Press.

MICHIGAN CITY, Ind., June 30.—Promoter Frank Park of the Greb-Stribling and Goldstein-Curry 10-round boxing matches here July 4, made plans to take the "crash" out of his sky-blue arena here today by ordering that the top barbed wire of the fence be double charged with electricity.

The arena will be made further crash-proof by importing a detachment of special police from Chicago.

It is estimated that between 5000 and 10,000 crashed the arena gates at the Carpenter-Gibbons show a few weeks ago.

Stribling went to South Bend today, where he pitched the first ball at a game and later returned to Michigan City for a workout.

Greb, Goldstein and Curry, other principals in the Greb-Stribling card, will train tomorrow in Chicago, as will Stribling.

DIETRICH AND SMITH IN JUNIOR SEMIFINALS

Six matches were played yesterday in the St. Louis district tennis tournament for juniors at Forest Park. Richard Dietrich, the Ferris Tennis Club junior, reached the semifinal round as a result of his victory over Robert Gough, former Washington, D. C., high school star. Joe Smith, favored to reach the final round, also advanced to the semifinals yesterday. He won from Wallace Gleason, the O'Fallon Park player.

Robert Norton and William Bell, the Yeatman High team, advanced another round in the junior doubles by an easy victory over Gough and Sidney Smith. Brewer and Spangler won the other doubles contest played yesterday from the team of Powers and Collins. The summary: Junior singles, second round—R. Norton defeated W. Kohn, 11-8, 6-2, 6-2. W. Bell defeated L. Newman, 6-7, 6-2, 6-1.

Third round—Joe Smith defeated W. Gleason, 7-5, 6-2. R. Dietrich defeated R. Gough, 6-3, 1-6, 6-4. Junior doubles—Bell and Norton defeated Gough and S. Smith, 6-2, 6-0. Brewer and Spangler defeated H. Timmer, Holland, and C. Bryan, 6-1, 6-4, 6-3.

R. Norris Williams II and Mrs. George Wightman of Boston defeated A. W. S. Dillon and Mrs. Jackson, 6-4, 6-2.

Vincent Richards and Mrs. Marion Z. Jessup defeated B. L. Cameron and Miss R. Watson, 6-3, 6-1.

## O'Fallon to Play Triple A Team For Werner Cup

Final Matches in Interclub  
Competition Will Be Played  
July 4.

By Davison Obeart.

The Triple A tennis team won the final match in the private club division of the tournament for the Werner Cup by defeating Forest Hills, 3 to 1, yesterday afternoon. As a result of the victory, the Triple A team will oppose the O'Fallon Park Tennis Club players for the Werner Cup on July 4.

Four matches were played yesterday by the two teams. In the singles Wray Brown defeated Karl Kammann, the Forest Hills leader, 6-0, 6-2, and Fred Jostes evened honors by winning from Arthur Reppert, former city champion and Triple A player, 6-1, 6-3.

Wray Brown and Reppert played first doubles for Triple A and eliminated Kammann and Charlie Reppert by a 6-1, 6-1 score. The fourth match between the Schwarz brothers, Elmer and Alvin, representing Forest Hills, and Woody Brown and Ray Epstein, the Triple A team, decided the championship. The Schwarz brothers started off well, taking the first set, 6-4. The Triple A team became steadier in the next two sets, 6-4 and 6-2.

Just prior to the match yesterday, President John E. Mooney of the Forest Hills Club presented sweaters to members of the team.

## FRANCE AND BELGIUM WIN FENCING MATCHES

Special Cable to the Post-Dispatch.

PARIS, June 30.—France defeated Italy and Belgium beat Hungary in the semifinals of the Olympic fencing matches today. The scores were France, 3; Italy, 1; Belgium, 9; Hungary, 7.

A row broke out during the French-Italian match and the Italians abandoned the competition. A jury awarded a doubtful touch to Gaudin of the French team, despite the protests of Boni, a member of the Italian team. The Italians withdrew, singing the Fascist hymn. Later a special jury sustained the decision of the under jury.

Members of the Hungarian team appeared before the International Olympic Committee and swore by the Olympic oath that all are amateurs, thus closing an incident raised by the Argentines, who claimed Capt. Bertl, a Hungarian, is a professional.

afternoon, 3 to 2. Ted Heurmann played first singles for O'Fallon and defeated Dr. W. M. Levitt, 6-1, 6-3. Joe Hibbsman added another point for O'Fallon by winning from J. L. Hawkins in a three-set encounter, 1-6, 6-3, 6-0.

In the feature singles match Joe Smith, the Forest Park junior eliminated Harry Fassett, the O'Fallon representative, 6-2, 12-14, 6-1. The contest required a total of 41 games.

Ted Drewes, former holder of many titles in the Missouri Valley, paired with Ed Beckman and played first doubles for O'Fallon Park. This combination was beaten by William Bierman and Herbert Weinstein, 6-4, 4-6, 6-4. Bell eighth annual Western tennis championships opening here today, and are expected to win their way through the early rounds without a great deal of difficulty.

## DECLINE IN ALL COMMERCIAL ACTIVITIES IN THIS DISTRICT

Unseasonable weather and uncertainty as to crops seen as the chief factors.

Unseasonable weather and uncertainty relative to the outcome of crops constitute the chief factors in the present decline in all commercial, agricultural and manufacturing activity in the Eighth (St. Louis) Federal Reserve District.

"From all directions reports tell of the delayed movement of spring and early summer merchandise," says the reserve bank report, made public today. "Low temperatures and incessant rains have interfered seriously with the usual routine agricultural activity. Extensive replanting of cotton, corn and some other crops has been necessary, and in some sections it was impossible to seed at all. Because of these conditions the usual stimulation to business felt at the approach of the spring farming season is entirely lacking."

The labor situation in the district is less favorable than in the preceding 30 days, the report states. "Surplus common labor due to the slower pace of industrial activity is being absorbed by farms and home building, but not to the extent which would be the case if weather conditions were more auspicious," the report adds.

A general decline in practically all commodities is reported except lumber. Sustained building activities in St. Louis and other cities in the district kept the demand for lumber alive, although country lumber business was poor. Generally abundant funds and a lower trend in interest rates, coupled with a slackening in the demand for credit from commercial and industrial sources, featured the banking situation. Department stores and mail order houses reported a poor month.

## AMERICAN MISSIONARY IN CHINA KILLED BY BANDITS

Report of Murder Is Sent to U. S. Consulate by British Consul on Island of Hainan.

By the Associated Press.—The Rev. George Douglas Byers, missionary of the American Presbyterian Church on the island of Hainan, was murdered June 24, presumably by bandits, according to word sent to the American Consulate at Canton by the British Consulate on the island.

United States Vice Consul Culver B. Chamberlain is sailing from Hongkong to investigate the report.

## HELD UP BY MAN IN AUTO WHO COLLIDES WITH HIS CAR

Frank Kelly Tells of Being Robbed When Way to Repair Shop With Stranger.

Frank Kelly, 1533 Warren street, appeared at Page Boulevard Police Station yesterday, exhibited a bent rear fender on his Ford automobile and declared he had been held up and robbed by the man who damaged his car.

Kelly said he was parked at Page boulevard and Belt avenue at 1 a. m. when the other machine crashed into the rear of his car. The driver, a young man with a Panama hat, was apologetic and volunteered to supply repairs at a Delmar boulevard garage.

The stranger led the way, Kelly said, and the two machines were taken to the garage on Clara avenue, near Delmar, the stranger alighted, and pointing a revolver at Kelly, said, "Now, you get out."

## MISSOURI AT FLOOD STAGE

River Expected to Reach Higher Level Tomorrow.

The Missouri River at St. Charles is now 1.8 feet above flood stage, and will rise an additional 1.3 feet to a high level of 2 feet tomorrow, the Weather Bureau forecast today. Flood stage is 25 feet. The only effect of the high water so far has been to cause an early wheat harvest in the bottoms, which it is expected will be inundated at the lower points tomorrow.

After Tuesday it is expected the water will recede, but the volume of Missouri water will result in a rise of 1.2 feet in the stage of the Mississippi River here on Wednesday, at which time the stage will be 25 1/2 feet.

Farmers in the St. Charles bottoms spent yesterday gathering wheat and bringing it to high ground.

## TWO DIE IN BURNING PLANE

NASVILLE, June 20.—Capt. A. Truello, aviator, and his mechanic, Private Boyd Copeland of Nortonfield, Columbus, O., perished today when their airplane burned. The flyers, who had attended the Dixie air meet Sunday, were attempting to take off for Norton Field, reports stated. The ship had risen only 25 or 30 feet when it caught fire.

Girl Drinks Poison.

Louise Lee, 15-year-old daughter of James Lee, 1825 Hickory street, is at the city hospital in a serious condition from swallowing iodine at her home last night after her father had admonished her for remaining out late at night. She went to her room at 10:30 o'clock and told her family she had taken iodine.

## WEATHER MAN GETS UNDER WIRE WITH A "FAIR" JUNE DAY

Forecast Today Only One of Month Without the Hint of Showers.

The word "fair" almost disappeared from the official weather forecasts during the moist month of June, which ends with today. There were days when the sun shone, and there were days when no rain fell. But there was not one day, until today, when the official forecast of the Weather Bureau did not use the word "cloudy" or "showers" or "thunderstorms."

The ominous term "thunderstorm" appeared in the forecast on not less than 20 days. Last Saturday the prediction of probable thunderstorms for that day was followed by "Sunday, fair and cooler." But when Sunday (yesterday) came, the forecast again said "thunderstorms." Today's forecast was the first of the month in which the word "fair" appeared with no qualifying reference to possible storms.

The overcast condition of the sky during the first 23 days of the month was such that a forecast of fair weather was not admissible, and the more likely prophecy was one of thunderstorms, which was usually fulfilled.

The bureau's official record shows that there fell on 21 days of the month, and that the total precipitation for the month, up to today, was 6.8 inches. The normal rainfall for June, averaged over a period of more than 50 years, is 4.57 inches. In the last 20 years there have been but two wetter Junes than this one. In 1912 the June precipitation was 6.93, and in 1915 it was 9.77. June is normally the wettest month of the year here, May being second and April third.

## DRUG IS EXTRACTED FROM PITUITARY GLAND OF CATTLE

One Part Is Used to 18,750,000,000 Parts of Solution Used in Obsterics.

BALTIMORE, June 30.—A drug of such tremendous power that it is used in a ratio of one part to 18,750,000,000 of solution has been produced by Dr. John J. Abel, professor of pharmacology at the Medical School of Johns Hopkins University.

It is a tartrate compound extracted from the pituitary gland of cattle and is used in obstetrics and as a specific for diabetes insipidus. One ounce of this tartrate it is said, would turn all the water in a one-foot pipe line running from New York to San Francisco, into pure water.

The pituitary gland lies in a bony cavity at the base of the brain and controls functions of growth. Its disorders are regarded as the cause of such human abnormalities as those of the circus giants. Dr. Abel is endeavoring to isolate the absolutely pure principle of the pituitary gland so that its effects can be studied with exactness.

He was the first to do this, according to the university. In the case of pituitary deficiency, the product of the adrenal glands, DAWES TO VISIT COOLIDGE

Plans for Campaign to Occupy Their Attention.

CHICAGO, June 30.—Brigadier-General Charles G. Dawes, Republican vice presidential nominee, and Mrs. Dawes will leave for Washington today to visit President and Mrs. Coolidge. "Several days" was the most definite information obtainable as to the probable duration of the visit.

Dawes will devote much of his time to conference with President Coolidge on plans for the coming campaign, and to discuss the arranged private matters so that he can indulge every moment from now until November in promoting his party's interests.

## CHAPTER SIXTY-FOUR

**Continued in the Post-Dispatch**

By Hannah Wing

If poison solutions are made sufficiently weak they may be carried to the home of the colony by the busy worker ants and fed to the young, thus the whole community is gradually destroyed. For such syrups a cup of sugar dissolved in a pint of water with 60 grains of arsenate of soda added is an effective mixture.

## HOUSEHOLD SUGGESTIONS

**Label Them.**  
As you pack away your winter things, label each wrapped bundle. It will save you lots of time and inconvenience next fall.

**Avoid Hot Water.**  
Wash brushes in lukewarm water to which a few drops of ammonia have been added. Very hot water will soften the bristles of brushes and spoil them for good service.

**Pretty Good.**  
A suggestion for drying your hair at home is to light the oven, turn the gas low, open the door and put the electric fan on it. The air will be warm when blown on your hair by the fan and your hair will dry without danger of catching cold.

**Telephoned Orders.**  
Telephone grocery orders are quite permissible when the store with which you deal maintains a delivery service. However, it is inconsiderate to phone for one or two small items. A wise way is to keep a list of things that can be bought and used at a later date and add a couple of these to the small order. Soap, cleaner, starch, toilet paper are a few suggestions.

At the age of 77 years, Mrs. Jane R. Whall of Portsmouth, England, is a widow for the seventh time. She wears six wedding rings, four on her right hand and two on her left.

## SAYINGS OF MRS. SOLOMON

By HELEN ROWLAND

**THE LUCKY SEX.**  
My Daughter, thou hast said in thine heart, "How now! Why should any woman desire to be a MAN? For are not women favored of Heaven, and have they not all that their heart can desire, even bobbed hair, and the vote, and the swagger-stick?"  
Yea, verily. Yet, lo, what hath ever felt as clean and pure and righteous as a man APPEARETH after his cold shower and a fresh shave?

Go to! How comforting to the soul, to care not whether thy nose be white or red or shiny, and to take no heed lest thy hair cometh out of curl!"

How solacing to feel that when thou slippest from the straight and narrow way it is not thine own responsibility! And to believe that thy morals and thy conscience are in thy WIFE'S keeping!

How sweet to let all life's little duties and worries slip from thy shoulders as water off a permanent wave! How exhilarating to escape the writing of "duty letters," and the gathering up of thy laundry, and the thought of what thou shalt have for dinner or wherewith thou shalt be clothed!

How comforting to face thy fortieth birthday without fear and shuddering, and to know that age cannot wither nor custom stale thy fascination for the opposite sex! And that so long as thou hast three wisps of hair to cover thy forehead, thou shalt be irresistible!

How gratifying to know that when thou openest thy mouth to speak, thy words shall not fall upon deaf ears, but shall be taken seriously.

How cheering to know that whatsoever thou doest, thou shalt be accounted a "good man," so long as thou keepest out of jail.

How refreshing to know that thy coat is as good this year as it was last year, and that thy hat shall be as modish next season as it is this season, and thy spirit shall never be tormented by the changing styles! Yea, even that thou are good enough "as is!"

How solacing to have faith that if thy WIFE will but do thy Sunday worshiping, whilst thou departest for the golf links, thou shalt at last enter into Heaven upon HER Ticket!

Verily, verily to be a woman is no crime—but to be a man is still a blessing and a comfort.

For women may have their "rights," but men still hold jealously to all the privileges and the comforts and the joys of earth!

SELAH!

## Children's Bedtime Story

By THORNTON W. BURGESS

### The Hungry Watchers.

A Fox is always waiting round  
Where helpless innocents are found.

"I may as well move on and try to forget those young Porcupines," thought Reddy.

REDDY FOX was not the only one to lick lips hungrily at the news that there were two young Porcupines in the Green Forest. Old Man Coyote did the very same thing. So did Yowler the Bob Cat. Even little Shadow the Weasel licked his lips. Not one of them had ever seen a baby Porcupine. None could imagine such little fellows as being anything but helpless. Each felt that if he could get them away from Mrs. Porky there would be

chance to seize one of them. You know you never can tell what may happen.

As for Mrs. Porky and her two children, they appeared to have no thought of anything but filling their stomachs. They didn't even stop eating to now and then look around. They knew nothing of those hungry, hidden watchers. They acted just as if there was no one else in the Green Forest, and as if there was no such thing as danger in all the Great World. They were enjoying their meal of tender bark and young twigs and leaves. They were filling their stomachs with the food they liked best, and there was plenty of it. To see them doing this and to hear their little grunts of pleasure made the hungry, hidden watchers hungrier than ever.

## NOTES ABOUT WOMEN

Women cotton workers in Bombay, India, earn from 24 to 33 cents a day.

French women expect the new Parliament to grant them the right to vote.

Women delegates to conventions in the United States spend about \$10,000,000 yearly.

Telephone girls in Paris must pass a rigid physical test before being accepted for a position.

Miss Edna Horak, Baltimore's first woman justice of the peace, is only 18 years of age.

The average age of Camp Fire Girls in England is from 18 to 20 years, whereas in this country it is from 14 to 18.

Lady Ursula Blackwood, daughter of the second Marquis of Dufferin and Ava, has opened a perfume shop in London.

"You Can Laugh at the Thought of Getting Thin Eating Bread, But It's So"

## They Once Weighed the Same!

Wallace Bread DOES Make a Difference

HERE is the best bread you ever tasted—and it can't make you fat! The fat-making elements are left out. If you weigh more than you should—more than you want to—you needn't very long!

If you want a well-proportioned figure, if you wish to reduce to normal weight, start eating Wallace Bread today. You can lose every ounce of superfluous flesh in this effortless way—thousands have done so.

This bread is good for you and good to eat; you don't have to learn to like it! A delicious, nut-like flavor and especially delightful when toasted. Folks eat six and more slices a day—and never tire of it. Everyone trying this bread reports reduction—two, three, four pounds a week—some lose a pound a day. Get thin eating bread. ## What Beauty Rest Means to Loveliness

By GREZIA BORI, the Famous Spanish Prima Donna

"SHE'S a perfect beauty rest and enjoy myself." Setting her rest times hear this son. "She not only insures a good night's sleep, but she stops and rests during the day." And probably the woman who is speaking is a trifle put out because the person in question will not come on a hard shopping expedition with her or refuse to come late party at night. She has to get up early.

Now this person in question is very sensible. Of course, use being a bore to you just because you insist on your full quota of sleep, you are sure that you are a very wise person who is upon it, and let a beauty rest would interfere with it. Indeed, far too many of the other extreme. "Oh, dear, I'll never be able to sleep."

Frames Tax Bill  
to Include  
Congressmen  
and Everybody.Cites Case  
of Ballplayer  
Siegel From  
Tetter, Ohio.

Dear Editor:

BY THIS time pretty near everybody has made their comments pro and con in regards to the tax bill passed by Congress and I have heard some say that they shouldn't be no session of congress allowed between March and November or else move it away from Washington to some place where the boys ain't so libel to be affected by the heat. But with all the remarks that has been made I don't believe that the gen. public or our law makers themselves realize what a upheaval the new law is going to cause and a specially that part of it which provides for publicity in regards to income.

The bill says that as soon as everybody has filed their returns, why the collectors in their district must make out a complete list of same with the figures that has been sworn to before a notary and the said list will be hung up in the nearest postoffice so as everybody and their neighbor will know just who is who and what is what.

After this when you ask a man how he is getting along, he will think twice before saying, "Oh, pretty good; I am knocking out \$12,000 per annum," because he knows that you can run down to the postoffice and find out if he has added on one cipher too many. Personally the law is going to cost me a lot of money, as the most of the people who I am wild to know how much they are making live in places like Florida and Texas and California, and to visit their home postoffices means hundreds of dollars in railroad fares alone.

Gus Siegel From Tetter.  
While the bill provides for tax reduction amounting to a billion dollars or some such chicken's food, still and all the Government can make some of that back if they take full advantages of the situation. For one thing they can save the salaries now paid to mail carriers who they won't be no use of same when everybody wants to go down to the postoffice themselves to find out how much Doc Roberts cleaned up last year, and by the same tokens you will see a big increase in the sale of stamps, as a good many citizens is too much of a lady or gentleman to hang around a place all day without buying nothing. Further and more the Government can add to their revenue by either selling the refreshment privileges, camp stool concessions, etc., to the highest bidder or running same itself.

Of course, on the other hand, it may be necessary to spend some money building bigger and better postoffices in the home towns of

people like star ball players, movie actors and pugilists whose salary as reported in the public prints ain't always exactly equivalent to the figures on their pay check. Like for instance we will say that they's a ball player named Gus Siegel that lives in Tetter, O., and when the winter time comes around Gus gives out the news that he ain't going to sign up again with the Browns unless they come across with a \$2000 raise.

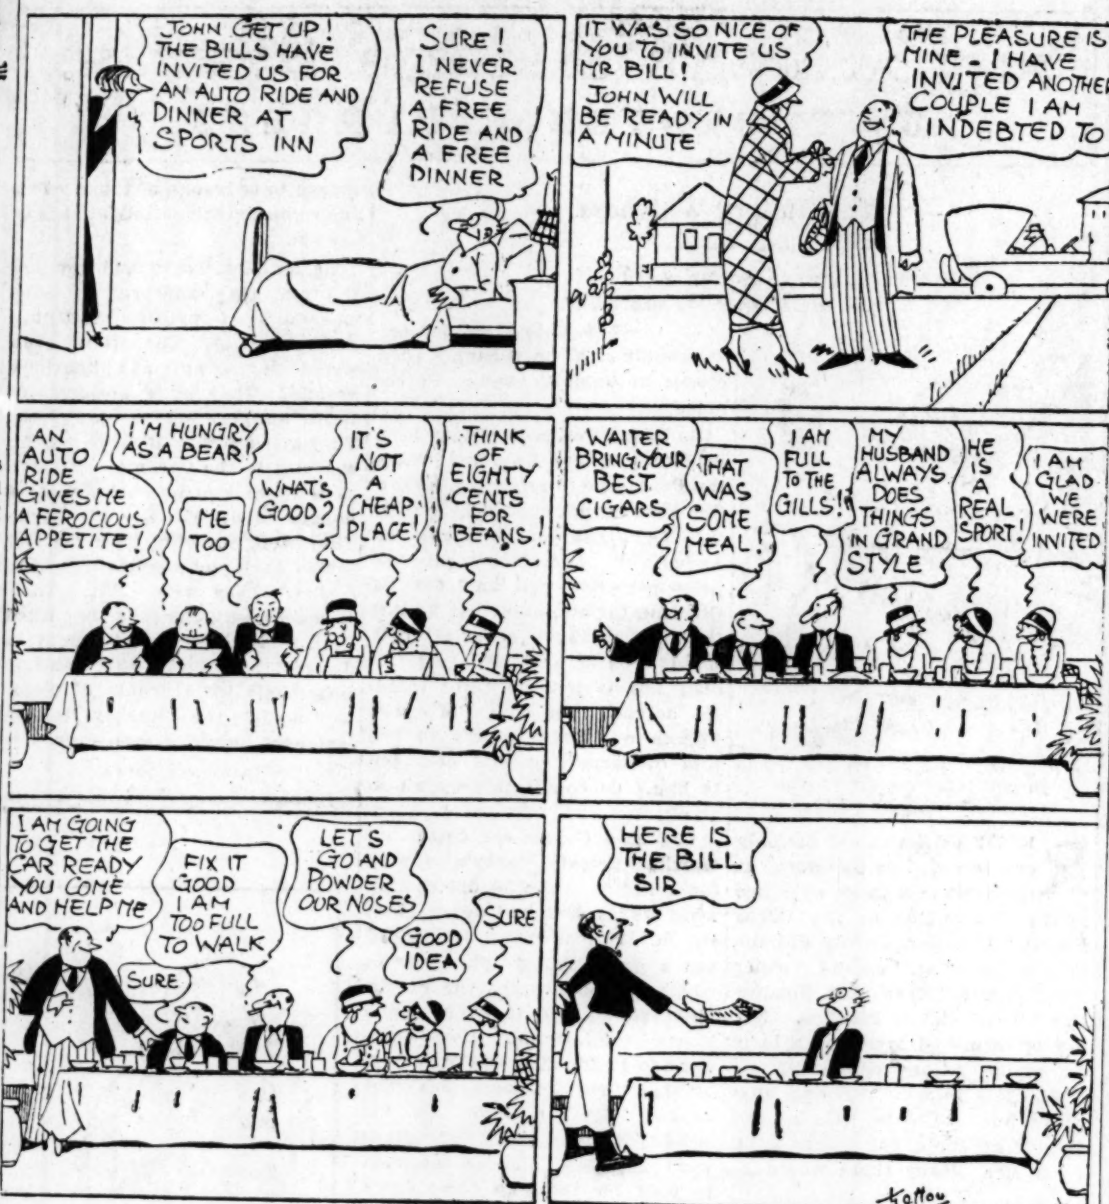

"I wasn't only getting \$8000 last season," said Mr. Siegel, "and I led the league in fouts, so it seems to me like I am entitled to \$10,000, and if I don't get it I will quit baseball and go into the owl trapping business."

Well, they's a lot of persiflage back and forth between Mr. Siegel and the owner of the Browns, and finally it is give out that Mr. Siegel has signed up and the league is saved at the expense of the owl trapping business, but neither side will give out any figures except to say that terms was amicable to both.

"I got what I was after," is what Mr. Siegel told some of his friends in strict confidence. Well, a year from March they will have to build a new postoffice in Tetter to accommodate the crowd that have come from all parts of the country to see what Mr. Siegel really did get and it may surprise some to find out that his former salary was \$3500 and he was raised to \$3550 with the understanding that he lay off the home-made beer.
